## STATEMENTS

**Exhibit "A"** is a statement of Cash Assets and Immediate Liabilities. This shows a cash deficit of $15,828.84 as per details on Exhibit "D". This amount should be provided for in the 1927 Levy.

We have provided for the outstanding accounts receivable and payable on file as per Schedules (1) and (2). The 1925 accounts were not provided for, and this amount has been adjusted through the Deficit Account.

The asset item "1926 Provincial Highway Construction" is according to a statement rendered to the County by the Department for the year 1926. The Maintenance charge appearing in the same account has been charged to Revenue Account. The Construction item has been treated as a Cash Asset, pending the disposition of same by the Council. The total of the Construction and Maintenance charges are shown on this statement as a Liability.

The item "Debenture Monies on Hand" represents the amount levied in 1926 to pay debentures payable in the year 1927. These amounts do not include a levy for Debenture By-law No. 662. In

this connection it will be observed that the balance in the General Bank Account as at December 31, 1926, was less than this amount.

**Exhibit "B"** shows in detail Capital Assets and Debenture Liabilities, which are shown on the same basis as last year, after giving effect to the transactions for the year.

The figures for the House of Refuge Stock, Implements, House Furnishings and Wearing Apparel are the same as in the year 1925, as there was no record of an inventory having been taken at December 31, 1926.

During this year, a Sun Room was added to the House of Refuge at a cost of $2,685.00. Of this amount, $1,300.00 as Peel's share has been added to the Capital Asset "House of Refuge one-half Interest."

The Capital Asset item, "Furniture and Fixtures," has been increased by $320.00 for the Registry Office Machine and $611.30 for Council Chamber Furniture.

**Exhibit "C"** Revenue Account, gives in detail the income and expenditure for the year 1926. The net result is an excess of expenditure over income of $516.11 after providing for 1926 Provincial Highway Maintenance charge, outstanding accounts referred to previously in this report and other general annual charges.

**Exhibit "D"**—Deficit Account. It will be observed that the Deficit has increased to $15,828.94, details of which are given on this exhibit. This Deficit should be provided for in the Levy for the year 1927.

**Exhibit "E"**—The Ratepayers' Investment has increased to $140,-421.60 as per details shown on this exhibit.

**Good Roads**—Schedules (13 to 14) show in detail the expenditure on the several roads in the County as recorded under the distinctive County system. It will be observed that the excess expenditure at December 31, 1926, totalled $11,264.64. This is covered by an overdraft in the Good Roads Bank Account.

**Schedules (1) to (12)** are self-explanatory and require no special comment.

As reported last year, the insurance in force is not in our opinion sufficient.

We wish to thank your Clerk, Treasurer and County Engineer for the assistance they rendered us while conducting the audit.

Respectfully submitted,

GORDON PETERS & CO.,
Chartered Accountants, Auditors.

## COUNTY ROAD SUPERINTENDENT'S ANNUAL REPORT OF EXPENDITURE ON PEEL COUNTY GOOD ROADS SYSTEM DURING 1926

To the Warden and Council of the County of Peel.

Gentlemen:

I beg to submit herewith a statement of the moneys expended in accordance with the Regulations of the Dept. of Public Highways, Province of Ontario, on the Peel County Road System for the year 1926, together with the tabulated statements, declarations, etc., necessary to be forwarded with your Petition for the Government Subsidy.

These Statements show that 14.05 miles have been graded, 11.60 miles gravelled, four bridges built, seven reinforced concrete culverts built and 40 steel pipe and 28 concrete pipe culverts placed.

During the past two years the character of the work has been changing from stretching out on new work as in former years, to improving roads formerly built.

Plans for improvements should be made some time before the work is to be started and a report made to the Council through the Committee. This will mean that the Supt. will have to be relieved of some of the routine work that takes up considerable time.

The season's program should be settled as soon as possible, so that it can be started at the first opportunity in the spring.

All of which is respectfully submitted.

Brampton, Ont., Jan. 29, 1927.

N. L. POWELL,
County Engineer and Road Supt.

ADOPTED.

## FIFTH DAY OF SESSION

Council meet pursuant to adjournment, the Warden in the chair.

Roll called, members all present.

Minutes of yesterday read and adopted.

Pursuant to notice Mr. Beatty introduced a bill to appoint a High Constable. The bill was read a first and second time and referred to a committee with Mr. Taylor in the chair. Committee rose and asked leave to sit again.

Moved by Mr. Burton, seconded by Mr. Lindsay, that whereas we have in this County quite a mileage of County Roads that has not been built and are still in the original condition and which we feel, in justice to our ratepayers, deeply interested, should be improved without further delay, and whereas the Highways Department has notified this Council of their intention of making an expenditure approximating $259,170.00 on the Provincial Highway System in this County for the year 1926, an expenditure we think could largely be deferred until 1927 except for reasonable cost for maintenance, thus giving the County a chance to finance such County Road building. Therefore this Council most respectfully petitions the Minister of Highways to defer as much as possible the expenditure on construction for 1926 and thus make it possible for the County to finance their County Road construction. Carried.

## FIRST REPORT OF COMMITTEE ON CHILDREN'S SHELTER

To the Warden and Council of the County of Peel:

Your Committee on the Children's Shelter beg to report as follows:

Unfortunately we had quite a serious fire of unknown origin in the latter end of November last, but we are pleased to report that with the very splendid assistance of the fire brigade and the citizens of the Town, the fire was confined largely to the old wing of the building, and eventually was put out without doing much damage to the outside structure. Our most material loss was to the floors and joists and a portion of the roof. We are pleased to report that we have received a most satisfactory adjustment from the insurance companies. For loss on the building a cheque for $3452.00 and on the contents $725.20, a total of $4177.20.

It is also a pleasure to report the very great interest and sympathy extended to our Matron and the children at the time of the fire, as many homes of the people of Milton were opened to receive the children and care for them until we had matters adjusted so as to have them returned to the Home.

Your Committee have met the representatives from Halton County at the Home and made complete arrangements for the making of all necessary repairs. We have also authorized the construction of a steel fire escape on the north-east side of the building, where there are no doors.

We recommend payment of the following accounts for attending two meetings and mileage.

| | |
|---|---|
| Joseph Burton, 2 days and mileage .....$ | 10 40 |
| W. N. Riddell, 2 days and mileage ..... | 12 80 |

All of which is respectfully submitted.

W. N. RIDDELL, Chairman.

(Adopted January 27th, 1926)

W. J. BEATTY, Acting Warden.

## FIRST REPORT OF COMMITTEE ON FINANCE

To the Warden and Council of the County of Peel.

Gentlemen:

Your Committee on Finance beg leave to report as follows:

1. We suggest that a By-law be prepared, empowering the Warden and the Treasurer to borrow from the Bank such sums of money as may be required for County purposes so that it will comply with the Act and the Auditors' request.

2. We recommend payment by the County Treasurer to the Provincial Treasurer of $47,166.17 and interest since July, 1925, 7 months, $1375.68. These amounts are debts we owe on the Provincial Highway and also the Government claim for $1293.88 re the Toronto-Hamilton Highway.

3. The House of Refuge has cost the two Counties $9903.00 for the year 1925, and the report shows an average of 52 inmates for the whole year. At present there are 68 inmates in the Home. Of this total paid by both Counties in cash we find a balance of $745.30 on hand. Halton had 1645 weeks' board for inmates; Peel had 1095 weeks' board for inmates, making of 550 weeks' board. Halton has to pay as per by-law pro rata 550 weeks' board more than Peel in 1926, if number of inmates during 1926 are equal. This shows that Halton has to pay $837.08 more than Peel during 1926. The average cost per inmate in cash paid by Halton and Peel is $3.35 per week. We also note that a full inventory of stock and everything on the premises of House of Refuge has been taken, and we would submit it for your consideration.

4. Re the County General Account, we have the Treasurer's statement showing a balance on hand of $5959.10, as against a deficit of $12,822.47 at the beginning of the year 1925.

5. We find that the total debenture debt at this is $444,497.56, with balance on hand to pay debentures of $33,519.93. We also find that debenture under By-law No. 480 is fully provided for, amounting to $52,000.00.

6. We find that the Patriotic By-law requires only one more assessment, when it will be retired.

7. We wish to say that the total debenture debt at this date, amounting to $444,497.56, includes Toronto Township debentures, which amount to $37,129.89.

8. We recommend the payment of account of Magistrate Moore of $95.25. (In Council this was laid over.)

9. We refer to the Council a request for a grant from the National Institute for the Blind. (In Council a grant of $100.00 was made.)

10. We refer also to the Council a request for a grant to the Sick Children's Hospital (In Council no action was taken.)

11. We also recommend that the request of the Tourist Association of Ontario be referred to the Council as a whole. (In Council no action was taken.)

All of which is respectfully submitted.

## SECOND REPORT OF COMMITTEE ON CHILDREN'S SHELTER

To the Warden and Council of the County of Peel.

Your Committee on the Children's Shelter beg to report as follows:

We have attended two meetings at the Home in Milton. At our May meeting we found the Home repaired after the fire of last November with everything in good order and believe the building is fully better than before the fire. With new decorations, a fire escape and an outside entrance to the basement built, much has been added to the convenience and comfort of our home.

While there we found the water lying against the foundation and the lawns and yard very wet. It was decided that there should be an underdrain put in as soon as possible.

The fence around the lot is in bad condition, the post having rotted. It was left with the Committee to look into this matter and decide what should be done.

Our Treasurer, Mr. Stewart, reports that after repairing thus far, there is a balance left from the Insurance received, and advised that it be credited to the Capital Account.

The two children accused of making trouble have been sent away, the girl to the Victoria Home for girls, and the boy transferred to Wellington County in exchange for one from Wellington County, believing that by changing the surroundings the effect may be good.

As far as we could see the children are well kept and comfortable, and the ladies of Milton on the Committee are very much interested in the welfare of the home and children.

We would recommend payment of the following accounts:

| | | |
|---|---|---|
| W. N. Riddell, 2 days and mileage ..... | $ | 12 80 |
| Joseph Burton, 2 days and mileage ..... | | 10 40 |

All of which is respectfully submitted.

To the Warden and Council of the County of Peel:

Your Commissioners to the Old People's Home beg to report as follows:

We take pleasure in reporting that the conditions at the Home, under the management of Mr. and Mrs. Partridge, are all anyone could wish for.

The crops, with the exception of roots, were good, the stock is in good condition and as much was derived from the farm operations as possible, which helps to keep down the expense of upkeep to the counties.

The inmates are comfortable and apparently contented.

We feel that the $2,685.00, which is the cost of the new addition, has been money well spent, because of the extra accomodation for inmates, and accomodation for roots.

We are pleased to say that we have had the heartiest co-operation from the Commissioners of Halton County.

## FOURTH REPORT OF COMMITTEE ON FINANCE

To the Warden and Council of the County of Peel:

Your Committee on Finance beg to report as follows:

1. We have received from the Inspector of Legal Offices a letter recommending that Magistrate H. P. Moore's account of $139.42 be paid as this has been standing for some time. We recommend payment of this account.

(In committee of the whole Council the report was adopted excepting the above clause).

2. We have received a communication from our Auditor, Gordon Peters & Co., stating that their audit has been made for the 3rd quarter of 1926, except the County Good Roads accounts, as the amounts spent in this Department have not yet been completed by the County Road Superintendent.

3. We have received from the Treasurer a financial statement showing a balance on hand of $2,333.67.

4. We have a statement from the County Agricultural Representative showing the amount payable by the County towards paying the cost of our County Exhibit at the Canadian National Exhibition. The Alfalfa Growers' Association have made a grant of $50.00. We feel that this exhibit has made a great impression on the minds of the people from all over America as to the importance of Peel County. We recommend that the Treasurer pay this account.

All of which is respectfully submitted.

## REPORT OF DELEGATES TO THE ANNUAL CONVENTION OF MANAGERS OF HOMES FOR AGED AND INFIRM

**(Held in Brampton on June 22nd, 23rd and 24th, 1926).**

To the Warden and Council of the County of Peel:

Gentlemen:

The convention was opened with addresses of welcome by Mr. F. W. Wegenast, Mayor of Brampton, and W. N. Riddell, the Warden of the County.

The addresses of the Superintendents and others were of interest to those in charge of Homes and to County Councillors.

Mr. F. Tifton, Superintendent of the Lincoln County Home, spoke on the problem of heating the Home. After using coal for a number of years in their Home, they installed an oil burner, and Mr. Tifton compared the cost of oil with that of coal and showed that heating with oil cost fifty-nine cents per day less than with coal, besides being much cleaner. They let their fire out at night often after the inmates retire and start it in the morning before the inmates rise. He, too, pointed out that under these conditions that

they were much healthier and did not have the usual colds, so consequently the bills for drugs were much less than when they burned coal.

The Delegates inspected our Home in the afternoon of June 24th and expressed themselves as being pleased with the appearance of our Institution and the way in which it is kept by Mr. and Mrs. Partridge. Some of the delegates were surprised that we had not installed an electric refrigerator to keep the food better.

We listened with interest to Mr. Webster, County Attorney of Rochester, N.Y., who spoke of the great work in which we were engaged—that of caring for the aged. He told of conditions in the United States where Council had been unfairly criticized by the press and public, and even by the ministers of the gospel, until now an honest man does not want to offer himself for election.. He addressed us as Councillors to be sure we were right in what we plan to do and then do it fearlessly and not listen to criticism for those who criticize usually represent a very small percentage of the ratepayers.

Much more was said, but space does not permit me to go into it further than to make mention that the Victorian Order of Nurses took part in helping to make the convention a success by serving refreshments to the delegates when they visited the Home, and that we were much impressed with the sound judgment of those who took part in the discussions, and the apparent high standard of character of those who manage the Homes for the Aged in the Counties of the Province.

We recommend that the following names of delegates be paid the amounts opposite their respective names for attending the convention:

| | |
|---|---|
| W. N. Riddell, 3 days | $ 15 00 |
| J. J. Jamieson, 2 days | 10 00 |

All of which is respectfully submitted.

J. J. JAMIESON.

(Adopted Dec. 9th, 1926).

W. N. RIDDELL, Warden.

## FIFTH REPORT OF COMMITTEE ON EDUCATION

To the Warden and Council of the County of Peel:

Your Committee on Education begs to report as follows:

All of which is respectfully submitted.

ROBERT SMITH, Chairman.

(Adopted Dec. 9th, 1926).

## THIRD REPORT OF COMMITTEE ON CHILDREN'S SHELTER

To the Warden and Council of the County of Peel:

Your Committee on the Children's Shelter beg to report as follows:

The joint Committees of Peel and Halton met in Milton on Tuesday, Nov. 16th, and associated with them were the Children's Aid Societies of the two Counties.

Full reports were received from all sub-committees and much general business was transacted with Mr. T. W. Duggan in the chair.

The number of children on that day in the Home was 9, but earlier in the year there had been 16. We found the children all happy and in good condition under the care of Mrs. Telfer, the matron.

We found the Shelter in splendid condition, in fact, in better condition than at any time in its history. This can be accounted for by the fact that the Committee appointed to have repairs made to the Home after the fire occurred there one year ago, were not hampered by a shortage of money, because of the liberal settlement made by the Insurance Companies. Consequently in addition to needed repairs made necessary by the fire, several needed improve-

ments were made, notably to the floors, some of which were in bad condition. These were all put in good condition; also the old wooden fence, enclosing the grounds, which had served its day, was taken down and a good iron fence was erected in its place. In addition, storm windows were procured for all the windows of the dormitories.

The cost of the Shelter this year was greater than last, caused by an epidemic of flu, which prostrated not only the children, but the matron and staff, and necessitated the employment of additional help for some time at considerable cost; and partly by the admission of several children more than usually destitute of wearing apparel, which of course had to be supplied by the Society, and partly also by the slightly increased number of children in the Shelter. During the year two children, both somewhat incorrigible, were sent from the House. A girl, the worst offence, was removed to the Industrial School at Mimico. A boy was removed to the Wellington County Home and a boy from that Home admitted to ours as we hoped that a change of environment would help this boy.

At our meeting we were very pleased to have with us Mr. and Mrs. Gordon, the founders and patrons of our Children's Shelter, and after whom the Shelter is named. He gave us an account of his active work in various countries as a friend of children who are in need of a friend, and also expressed his entire satisfaction with the general conditions and prospects of the Gordon Shelter for needy and neglected children.

We regret to report the absence of Mr. Falconer, Peel's other representative, from our meeting. This was through no fault of his but owing to the fact that he was not notified, caused altogether by the miscarriage of a verbal message sent to him.

We would recommend that the following named members of this Committee be paid the amounts set opposite their respective names:

| | |
|---|---|
| Joseph Burton, 1 day and mileage ..... $ | 5 20 |
| W. N. Riddell, 1 day and mileage ..... | 6 20 |

All of which is respectfully submitted.

JOSEPH BURTON, Chairman.

(Adopted Dec. 9th, 1926).

W. N. RIDDELL, Warden.

## FOURTH REPORT OF THE GOOD ROADS COMMITTEE

Your Committee on County Good Roads beg to report as follows:

1. Owing to the unusual weather conditions very little gravelling has been done and many of the roads are not in the best of condition for the winter. Apart from the gravelling the program as outlined has been followed fairly closely. The main change was in building Bolton Bridge and not gravelling the Indian Line.

Thirty foot span reinforced concrete bridges have been built at Streetsville over Mullett Creek on the Five Sideroad and at Alton on the Alton sideroad. One fourteen foot span built on the Malton Sideroad, con. 4 East. Five concrete culverts have also been built.

The expenditure to date is approximately $90,000.00.

2. The two crushers belonging to the County that have been standing idle for years are being started, one in Farrs' pit, lot 7,

con. 3 east Chinguacousy, to provide gravel for the Malton Sideroad, and one in the Erindale Schoolhouse pit for the Streetsville road.

3. When the threshing season was commencing your committee found that the grading had only been started and were unable to rent a tractor.

After getting prices and the approval of the Highwapy Dept., a Case 25-45 Tractor was purchased at a cost of $3,525.00.

4. In June Bolton Bridge was examined by your Committee and found unsafe for traffic, and they immediately called for tenders for a new bridge with concrete abutments and steel top. 70 ft. span. The work was let to the lowest tenderers.

Concrete to John Kidd, Inglewood, $15.75 per yd.; estimated total, $9,000-$10,000. Steel to John T. Hepburn Co., Toronto, $4,-619.00.

The concrete work was started the day after the work was let on July 6th and completed Sept. 20th.

The erection of the steel was not complete until Dec. 3, and owing to the frost it has been necessary to defer the painting and concrete floor until spring. In the meantime the approaches have been filled and a temporary wooden floor laid so that the bridge could be used.

5. The application for Cedar Mills Subway went forward in June, and the site was examined by the chief Engineer of the Dominion Railway Board in September, but owing to the Board being busy with the Bell Telephone Case and the Railway Freight Rates no time can be set for a hearing.

6. The new road in Streetsville has been approved by the Department of Highways and an agreement received from the Streetsville Brick Co. to give $500.00 in cash and $500.00 in material for its construction. An agreement is being sent to the Milton Brick Co. to sign for $1,000.00 in cash and $500.00 in material and on receipt of it work will be commenced.

7. Your Committee met the Wellington County Committee on the County Road west of Belfountain and reached an agreement for supervision of the quarter mile of road between the two Counties.

Wellington County has forwarded a copy of this agreement, and we recommend that it be ratified by By-Law with one change in regard to payment for supervision. Your Committee recommend changing the provision for cost of supervision from the basis of mileage to the proportion by expenditure.

8. Your Committee recommend that the following refunds be made in accordance with the Highway Improvement Act, 1926. Section 29, sub-section 5.

Brampton—Total levy $9,000.00, expenditure $142.79. Refund, 50% of levy, less expenditure $4,500.00, less $142.79, which equals $4,357.21.

Port Credit—Total levy $1,850.70, expenditure $663.72. Refund, 75% of levy, less expenditure $1,388.03, less $663.72, which equals $724.31.

In the Village of Bolton and the Village of Streetsville there is no refund.

Bolton's road tax is $630.00, expenditure $887.88 on maintenance only.

In addition a new bridge was built.

Streetsville road tax is $724.50, expenditure $1,118.31 on maintenance only.

In addition a new bridge was built on the boundary between the Village of Streetsville and the Township of Toronto, and work is pending on the new County Road.

All of which is respectfully submitted.

N. S. LINDSAY, Chairman.

## REPORT OF COUNTY AUDITORS OF CRIMINAL JUSTICE ACCOUNTS

To the Warden and members of the County Council of the County of Peel, 1926:

Gentlemen:

Your Board of Audit of Criminal Justice Accounts beg leave to report as follows:

We have carefully audited the accounts, as directed by this Act, including Crown Attorney's, Sheriff's, Magistrate's and all Constables of the County.

We are pleased to report that while most of the costs of the County have advanced, the costs of the Administration of Justice in the County are considerably less than in some former years, as far as the costs to the County are concerned.

For example, take the years 1903, 1908 and 1915. The costs to the County amounted to $7,853.09. Then for comparison take 1918, 1924 and 1925. The cost to the County was $4,718.40, making a difference in favor of the latter three years of $3,134.69.

All of which is respectfully submitted.

## SCHOOL INSPECTOR'S REPORT

### For The Year 1926

Public School Inspector's Office,

Brampton, January 27th, 1927.

The Warden and Council, County of Peel,

Gentlemen:—

I have the honour to submit herewith my report on the condition of the public schools in the County of Peel for the year ending December 31st., 1926.

I have the honour to be,

Your obedient servant,

W. J. GALBRAITH,
Public School Inspector.

The year just concluded has in many respects been the most satisfactory in my experience as your Inspector. Although building operations which have been carried on so extensively for several years past have been halted for the present more attention has been paid to the general improvement of school premises; school boards have had no difficulty in obtaining properly qualified teachers; fewer changes in the teaching staff have been made; the attendance in most instances has been very satisfactory; and the finances at the close of the year, as the report will show, were in a sound condition. During the present year I hope to see considerable progress made in the

improvement of the lighting, heating and ventilation of the older school houses so that the health and comfort of the teachers and pupils may not suffer.

As an evidence of the splendid work of the teachers in their respective schools the number of students who have passed the Entrance examinations and who are seeking admission to the High and Continuation Schools has rendered it necessary in Brampton, Port Credit and Caledon East to make additions to the accommodations. The people of S. S. No. 2 Toronto Township are considering raising the status of the Continuation School by adding to the staff. If this is done an addition to the present building or the erection of a new school will be a necessity. In S.S. No. 6 Toronto Township, Clarkson, there is an urgent and persistent demand for the establishment of a secondary school, and in view of the number of students from that district attending High Schools in the County of Halton I am of the opinion that a two teacher might be maintained there at a very slightly additional cost to this county. At the present time Oakville High School is making a claim for the education of our county students, to the amount of $1473.78.

Nearly 18% of the entire school population of the county is now attending secondary schools either in our own schools or in those of the neighbouring counties.

### Equipment

It is gratifying to note that more rural schools than in former years are adding to their libraries and participating in the Legislative grants. Teachers comment upon the keen interest shown by their pupils in the reading of books that are both interesting and instructive. The Legislature sets apart in each year a sum of money to be apportioned among rural sections in which at least $10.00 has been spent in the purchase of approved books.

### Teachers

The success of the educational system of the province depends mainly upon the work of the teachers and it behoves trustees to make wise selection which has become easy in view of the vastly increased supply of teachers during the past few years. I am pleased to report that the County of Peel has been fortunate in this regard.

I have to report the addition of five (5) to the staff during 1926. The total now reaching to 135. This does not mean that the school attendance has increased proportionately. While some schools are increasing others are decreasing. The increase in the enrolment this

year is only 33. I have been able to inspect the work of each teacher twice during the year, and some three times. There are 15 male and 120 female teachers; 23 hold First Class and 112 Second Class certificates. The teachers are not only properly qualified but are capable, earnest, and devoted to their work. The discipline is generally satisfactory.

### Salaries

It is to the credit of the trustees as a body that advantage was not taken of the overplus of teachers to reduce salaries. It is true that in a few cases teachers employed for the first time are receiving less than their experienced predecessors. Others have had their salaries advanced. It would appear that most of the trustees are agreed that a teacher who spends so much time and money in preparing to take charge if the training of the youth of the country is worthy of a fair remuneration. The scale of grants made by the Legislature on the basis of salaries is so generous that no board in sections having an assesment of $100,000.00 and upwards should offer less than $1,000.00, and in sections with an assessment of from $60,000.00 to $100,000.00, $900.00.

The following table will show the attendance for the years 1925 and 1926.

| | Cost of Pupils on Basis of Enrolment | Cost of Pupils on Basis of Average Attendance |
|---|---|---|
| Albion | 48.80 | 74.33 |
| Caledon | 59.82 | 90.64 |
| Chinguacousy | 47.10 | 71.90 |
| Toronto | 42.93 | 62.04 |
| Toronto Gore | 53.28 | 70.10 |

| Port Credit | 56.40 | 74.95 |
| Streetsville | 27.53 | 36.12 |
| Brampton | 30.90 | 43.97 |

The above table shows that it costs about 50% more to educate a child in a rural than in an urban school. A careful investigation of this discrepancy leads to the conclusion that the main cause is in the difference in the numbers attending the respective schools. The average number of pupils in each room in the urban schools is 33 and in a rural school 22. The numbers in attendance bears a close relationship to the cost. Several schools in the inspectorate have an average attendance of less than 12, yet these schools are costing as much as others having 40 or more. The Minister of Education has given much thought to this matter and has suggested the formation of Township Boards, the elimination of the small school, and the transportation of pupils living too far from a school. By reducing the number of schools to give to each teacher in a rural school the same number as in an urban school a saving of at least $50,000.00 would be effected. This sum or a part of it could be used in bearing the cost of transportation.

Another matter that, in my opinion, requires careful study is the tax rate imposed upon the several sections in the country districts. The highest tax rate is 12.6 mills and the lowest 1.2. This is exclusive of the general rate for school purposes. A uniform rate levied on all property of the township as in municipal affairs would be much fairer to all. The Township Board would bring about this desirable change.

During the past few years large sums have been expended on technical education in the larger urban centres, but no definite action has as yet been taken leading to the introduction of this form of education in rural communities. There are doubtless many boys and girls who pass the High School Entrance examination who from one cause or another cannot avail themselves of further training in an institution of learning. For their benefit I should suggest that part time classes be established throughout rural sections where

adolescents would have an opportunity of continuing some of the more necessary branches of study and also of receiving a training in Domestic Science. Agriculture, and the carpentry and iron working trades. These classes should be opened each year on the first of December and close on the 31st of March. During this portion of the year the adolescents can best be spared from farm labour during the day. The first and probably the most formidable obstacle to be overcome is that of finances but when the benefits accruing from such training as suggested are fully understood I have no doubt that the ratepayers through their representatives in the Township and County Councils in co-operation with the Departments of Agriculture and Education would be able to find a satisfactory solution. I have made this suggestion that those interested in what may be termed a truly rural education may give it consideration as it merits.

## BY-LAW NO. 660

## FIRST REPORT OF THE FINANCE COMMITTEE

To the Warden and Council of the County of Peel.

Gentlemen:—

Your Committee on Finance beg leave to report as follows:

1. We have examined the Treasurer's Report, which gives in full the Receipts and Disbursements for the year 1926, also the net debt of the County on Dec. 31st, 1926, and we find and abstract statement in detail under all the headings used in the books, which show where the expenditure has increased and decreased.

We find on examination of these figures that a large proportion of the increased expenditure is uncontrollable, and continues to increase year by year. The decreased expenditure, as shown by the Abstract, applies only to a few items which are under the control of the Council.

We have also examined an estimate, made by our Treasurer, of the amount of money that will be required to be raised by taxes to meet the expenditure for the current year and provide for the deficits of the past two years.

These accounts, which we have examined and found correct must be provided for this year.

Beginning the year 1926 we had a balance on hand in the General Account of $5,959.10, and now we have to provide for a deficit of $8,825.21 in our General Account.

The By-law authorizing the issue of debentures for $70,000.00, passed last March to pay twenty per cent. of the amount expended on Provincial Highways in the years 1924 and 1925, was short of meeting the amount to the extent of $9,065.32, and the payment to the Government for Provincial Highways for work done in 1926 amounts to $69,060.06. These four items amounting to $92,912.69, are all to be provided for in addition to the taxes levied for the past two years, amounting to $83,000.00.

The following bills and communications were received by the Committee:

We have an account from H. P. Moore, Police Magistrate, totalling $162.17, divided as follows:

| | |
|---|---|
| Account rendered for rent and stationery | $ 139 42 |
| 500 envelopes, Peel's share | 2 75 |
| Rent of office | 20 00 |
| | $ 162 17 |

We would refer this account to the whole Council. (In Council this account was laid over until the March Session. We have an application from Mr. R. Crawford, County Treasurer, for an increase of salary of $200.00 per annum, thus restoring to him the salary he received prior to the year 1922.

In considering the report of the Auditors and their recommendations, we would advise:

1. That Mr. Powell carry out the suggestions of the Auditors, in keeping his books and accounts, and in all contracts, whether let by contractor or otherwise, that particulars of said con-

tract be placed in his books, and each payment made be entered in the ledger under the said contract.

2. That the Good Roads Committee give at each Session of Council a report of their expenditure, so that the Council can check as per their estimates.

We recommend that the Treasurer continue to furnish at the March Session an account of all uncontrollable expenditure, and that the County Engineer and Good Roads Committee furnish estimates of their intended expenditure at the same Session so as to enable the Council to strike rates intelligently.

The officers and friends of the Peel Memorial Hospital have made an application to the Council for a grant of $1000.00, and we would refer this to the whole Council. (In Council the grant was made.)

## SECOND REPORT OF FINANCE COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Finance beg to report as follows:—

Considering the financial conditions as set forth by our Treasurer at the present meeting of the County Council, we find that the two retired debentures show about $5,000.00 more than the annual payment on debentures issued last year to the amount of $70,000.00.

We also find that the Treasurer did pay out of last year's County Rates towards the Provincial Highway, over $18,000.00, and had only $5,500.00 to begin the year with.

We also find that the High and Continuation Schools show $5,000.00 less than the previous year.

We therefore recommend that the Treasurer pay out of the County Rates for the present year the half of the Provincial Highway account, and borrow the other half from the Government for one year.

Your Committee, from this standpoint, would recommend that the County Rate be increased $7,000.00 for the current year.

We recommend that the accounts of H. P. Moore for $162.17 for rent, etc., and the Charters Publishing Co., for $14.70, for election supplies, be paid.

All of which is respectfully submitted.

JOS. BURTON, Chairman.

## SECOND REPORT OF GOOD ROADS COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on County Good Roads beg to report as follows:

1. That owing to the weather last year and this spring there are many places on the County Good Road System that have broken through. Some of the roads in the south end were inspected on March 15th, and the Third Line East from Dundas St. to the Toronto-Hamilton Highway was found in bad shape; also the County Road in the Village of Port Credit.

We recommend that the Third Line from Dundas St. to the Toronto-Hamilton Highway be paved with cement concrete or a similar type of pavement eighteen feet wide at an approximate

cost of $75,000 or at the rate of $27,000 per mile. The type of pavement to be decided upon by this Committee in consultation with the Highway Department.

We recommend that the County Road in the Village of Port Credit also be paved twenty feet wide at the same time.

Both roads to be financed by the issue of debentures for the County's share of the cost, not covered in this year's estimates.

2. On March 21st and 22nd your Committee considered the estimates for this year and instructed the County Road Superintendent to prepare a schedule for each road. This shows an estimate of $118,000, entailing a rate of three and one-half mills, and your Committee recommends that the necessary by-law be introduced.

3. On February 22nd, Mr. Wegenast and the County Road Superintendent appeared in Toronto before Mr. A. G. Blair, K.C., Chief Counsel, and Mr. Q. L. Simmons, Chief Engineer of the Dominion Board of Railway Commissioners, and presented the County of Peel's case re Cedar Mills Subway. The report has been received and your Committee have instructed Mr. Wegenast and Mr. Powell to submit further evidence to the Board before the award is made.

4. Mr. S. Jefferson has presented a claim for compensation for work done on Twenty-five Sideroad in the Township of Albion in 1924. We recommend this to the consideration of the whole Council. (In Committee of the Whole it was decided to pay Mr. Jefferson $20.00.)

All of which is respectfully submitted.

JOHN J. JAMIESON, Chairman.

Pinchin, seconded by Robert Smith, and resolved that whereas the County Council has since its last session suffered the loss of one of the most highly respected members in the person of Mr. Joseph Burton, and whereas this County Council in Session this day most sincerely regrets the passing of Mr. Burton; therefore be it resolved that the Clerk be instructed to forward a copy of this resolution to the widow and family of Mr. Burton, expressing the regret and sincere sympathy of this County Council in their loss of a husband and father. Carried.

Moved by Mr. Jamieson, seconded by Mr. Pinchin, that whereas the Hospital accounts for the maintenance of indigent patients from the different municipalities in the County are now paid by the County, therefore be it resolved that the members of the Good Roads Committee be a committee to pass these accounts monthly and that the Clerk render an account to the several municipalities each month for their share of the accounts. # REPORTS

## REPORT OF COMMITTEE ON PEEL AND HALTON OLD PEOPLE'S HOME

To the Warden and Council of the County of Peel.

Your Committee on Peel and Halton Old People's Home beg to report as follows:

On April 2nd a meeting of the joint committees was held at the Home. Prior to the date of the meeting the management had asked for tenders for coal and for shingling the barn and implement shed, and several tenders were received. The tender of the People's Fuel Co. for coal at $12.10 per ton was accepted and 97 tons, 572 lbs. was purchased at a cost of $1,177.16.

The contract for shingling was awarded to Mr. Delaney, of Brampton, the lowest tender, $252.50, made up as follows: Barn, $194.50; new siding and roof on implement shed, $58.00.

Your committee also reports that Anna Church of Brooklyn, U.S.A., died on February 2nd last, leaving a sister and a brother who has resided in Ontario for 35 years, and who has been an inmate of our Home for the past 16 years. We find that at her death Miss Anna Church controlled entirely an estate of about $4,000.00, having been saved by herself and sister. Before her death she had not made provision for the distribution of this estate, so the following settlement was made by your committee: John Church, at present an inmate of the Home, has agreed that his share of the estate, $800.00, be paid to the Home for his maintenance on the condition that at his death he will be given a Christian burial in Brampton Cemetery.

Our solicitor has called our attention to the recent death of an inmate of the Home, who at the time of his death owned 25 acres of land in Caledon Township, and we recommend that our solicitor be instructed to collect the amount due the Counties, from this estate, for the deceased inmate's maintenance.

We regret to report that an agreement has not yet been made with Miss Newhouse renewing the lease on the farm for the ensu-

ing 5 years, but hope that arrangements will be completed by the Warden at an early date.

All of which is respectfully submitted.

Adopted June 8th, 1927.

W. J. BEATTY,
Warden.

W. N. RIDDELL,
Chairman.

## REPORT OF THE CHILDREN'S SHELTER COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on the Children's Shelter beg to report as follows:

The joint committees of Peel and Halton Counties met at the Home on November 11th and found everything in good condition. The Home is kept in excellent order under the management of Miss Telfer, the Matron. At this date there were 12 children in the Home. Those old enough were at school and all appeared happy and in good health.

We found in passing accounts for the year 1927 that the expenditure is $534.00 more than in 1926. This increase was found in accounts for milk, dry goods, boots and shoes and medical attention. The last mentioned was due to some sickness in the Home last spring.

The ladies of Milton are to be congratulated on the keen interest they take in the Home and children, and they are now endeavoring to arrange for Christmas. Any gifts suitable for children or small donations will be thankfully received.

We regret to report the absence of Mr. Falconer, the Chairman of the Committee, due to him not having received notice of the

meeting, and we would ask that the Secretary be requested to give all members of the Board due notice.

## REPORT OF THE COMMITTEE ON OLD PEOPLE'S HOME

To the Warden and Council of the County of Peel:

Your Committee on the Old People's Home beg to report as follows:

We take pleasure in reporting that conditions at our Home under the management of Mr. and Mrs. Partridge are very good. The inmates, numbering 67, are quite contented, and every effort is being made by the joint committees of the counties to make the old people comfortable.

The Hamilton and Mimico Hospitals for Insane have transferred 9 patients to the Home, owing to the overcrowded condition in the government hospitals, and that these patients are quite harmless. We regret to report that we have no way of keeping these patients under detention and as the Home is adjacent to the Provincial Highway there is a possible danger of them getting hurt if they should wander away from the Home.

We have received a communication from the Counties of Carlton and Lanark and from the Association of Managers of Homes for Aged and Infirm asking that we memorialize the government, requesting that they care for these feeble minded patients and thus relieve the municipality of this responsibility in our Homes.

We would recommend that this be left to the consideration of the whole Council (In council the Commissioners were requested to get in touch with the Department and report to Council at the January session).

The Grand Jury has recommended that the west verandah at the Home be enclosed with glass. We recommend that this be dealt with by the Board of Management.

All of which is respectfully submitted.

# Treasurer's Statement

**Treasurer's Statement re Accounts for the County of Peel, for the Year Ending Dec. 31st, 1927**

To the Warden and Council of the County of Peel:

Gentlemen:

I beg leave to report that the accounts for the year ending Dec. 31st., 1927 have been prepared in detail and audited.

| | | |
|---|---|---|
| The Receipts from all sources in the General Account are | $488107 | 30 |
| The Disbursements are | 485275 | 30 |
| Leaving a balance to the credit of the County on Jan. 1st, 1928 of | $ 2832 | 00 |
| This balance belongs to the Debenture Account, which in Dec. 31st, 1927 was | $ 39879 | 29 |
| You will thus see by this statement that we have no balance in the County General Account when we take into account what is owing to the Debenture Account at this date, but rather a deficit of | $ 37047 | 29 |
| This deficiency is explained by the following items. Balance debtor at the beginning of the year 1927 | $ 8828 | 21 |
| No provision made for payment on Provincial Highways for 1926, payable on July 1st, 1927, amounting to | $ 64046 | 52 |
| We borrowed from the Government one-half of the above amount for one year at 5% and paid the other half from the General Account, which, including 92 days interest on the full amount from July 1st, amounted to | $ 32893 | 41 |
| The Good Roads Account shows a deficit on January 1, 1928, of $68,967.69. This is being carried by the Bank until the Subsidy is received from the Government. | | |
| The House of Refuge Account shows Receipts for the year 1927 to be | $ 12649 | 31 |
| Disbursements | $ 12148 | 50 |
| Leaving a balance on hand, Jan. 1st, 1928 | $ 500 | 81 |

| | | |
|---|---|---|
| The County of Halton contributed to the House of Refuge in cash during 1927 | | $ 5200 00 |
| The County of Peel contributed to the House of Refuge in cash during 1927 | | $ 4450 00 |
| This shows the total expenditure by the two Counties for the year 1927 to be | | $ 9650 00 |
| Less the deficit at the beginning of the year of | $ 322 12 | |
| Balance on hand on Jan. 1st, 1928 | 500 81 | |
| | | $ 822 93 |
| Showing the total outlay for 1927 to be | | $ 8827 07 |
| The Public School Account shows the amount received to be | | $ 33178 67 |
| Amount of disbursements | | $ 33178 67 |

Leaving no balance on hand.

The Land Tax Account shows that all arrears of taxes collected from the Municipalities have been paid over to the Treasurers of said Municipalities, leaving no balance.

Patriotic Debenture under By-law No. 495 for $50,000 is all paid.

| | |
|---|---|
| The Debenture Debt of Peel County on January 1st, 1928, is | $440539 32 |
| The Debenture Debt of Toronto Township on January 1st, 1928 is | 32186 77 |
| Total | $472726 09 |

Liabilities to be met during the current year as follows:

| | |
|---|---|
| County General Account debtor to Debenture Acct. | $ 37047 29 |
| Amount due Government re Provincial Highways for the year 1926, including one year's interest | $ 37036 50 |
| Amount due Government for Provincial Highways for the year 1927 | 26741 88 |

The increase in the County Rates for 1927, viz, $7,000, was not even sufficient to meet the deficit at the beginning of the year, which was $8,828.21.

The books show an increased expenditure for the year 1927 as compared with 1926, as follows:

| | |
|---|---|
| Hospital Accounts (uncontrollable) | $ 1572 51 |

**Statements**

**Exhibit "A"** is a statement of Cash Assets and Immediate Liabilities. This shows a cash Deficit of $51,390.54 as per Exhibits "C" and "D".

We have provided for the outstanding accounts receivable and payable as per Schedules (1) and (2) according to accounts on file and information supplied us.

The asset item "1926-7 Provincial Construction, $49,680.15" is made up as follows:

| | |
|---|---|
| One-half 1926 Provincial Highway Construction Charge | $32,023.26 |
| 1927 Provincial Highway Construction Charge | 17,656.89 |
| | $49,680.15 |

One-half 1926 Provincial Highway charge of $32,023.26 was charged 1927 Revenue and paid in 1927 in accordance with a resolution of the Council passed on March 26, 1927.

The item "Debenture monies on hand, $39,879.29" represents the amount levied in the year 1927 to pay certain debentures payable in the year 1928. In this connection it will be noted that the balance in the General bank account as at December 31, 1927, was considerably less than this amount.

**Exhibit "B"** shows in detail Capital Assets and Debenture Liabilities, which are shown on the same basis as last year, after giving effect to the transactions for the year.

The figures for the House of Refuge Stock, Implements, House Furnishings and Wearing Apparel are the same as in the

year 1926, as there was no record of an inventory having been taken at December 31, 1927.

**Exhibit "C"** Revenue account, gives in detail the income and expenditure for the year 1927. The net result is an excess of expenditure over income of $35,777.30. This is after providing for one-half 1926 Provincial Highway Construction charge of $32,-023.66 interest charged by the Department, $870.15, the 1927 Provincail Highway Maintenance charge of $9,084.99, the outstanding accounts referred to previously in this report and other general annual charges.

**Exhibit "D"** It will be observed that the Deficit has increased to $51,390.54 as per details given on this Exhibit.

**Exhibit "E"** The Ratepayers' Investment has increased to $146,-709.17 as per details shown on this exhibit.

**Good Roads** Schedules (13) to (14) show in detail the expenditure on the several roads in the County as recorded under the distinctive County system. It will be observed that the excess expenditure at December 31, 1927, totalled $68,967.69. This is covered by an overdraft, and loan in the Good Roads Bank account.
**Schedules (1) to (12)** are self-explanatory and require no special comment.

As reported last year, the insurance in force is not in our opinion sufficient.

We wish to thank your clerk, treasurer and county engineer for the assistance they rendered us while conducting the audit.

Respectfully submitted,

## COUNTY ROAD SUPERINTENDENT'S ANNUAL REPORT OF EXPENDITURE ON PEEL COUNTY GOOD ROADS SYSTEM DURING 1927

To the Warden and Council of the County of Peel.

Gentlemen,:

I beg to submit herewith a statement of the moneys expended in accordance with the Regulations of the Dept. of Public Highways, Province of Ontario, on the Peel County Good Roads System for the year 1927, together with the tabulated statements, declarations, etc., necessary to be forwarded with your petition for the Government Subsidy.

These Statements show that 21.10 miles have been graded, 25.60 miles gravelled, one reinforced concrete culvert built, and 25 steel pipes and 112 concrete pipe culverts placed.

Radical changes will have to be made in the method of carrying out the work. The truck haulage of gravel during 1927 cut the cost of hauling about 25% and effected a considerable saving. This can be still further improved. The quality of gravel placed in former years was in many cases too fine and the increased truck traffic shows it to be of little use. The fine material should be replaced with material from one half to one inch in diameter.

The organization of local patrolmen has been very unsatisfactory. The weeds were not cut in many places, the dragging only partly done and roads neglected particularly in July and August when the traffic was the heaviest. A permanent maintenance gang with a truck would be an economy.

A traffic census at five or six selected points would be in a few years a guide to future requirements.

All of which is respectfully submitted.

Brampton, Ont., January 28, 1928.

N. L. POWELL,
County Engineer and Rd. Supt.

## SCHOOL INSPECTOR'S REPORT

Brampton, Ont., March 3rd, 1928.

The Warden and Council, County of Peel.

Gentlemen:

I have the honour to submit herewith my report on the condition of the public schools in the County of Peel for the year ending December 31st, 1927.

I have the honour to be, Sir,

Your obedient servant,

M. R. FYDELL,
Public School Inspector.

Owing to the fact that I did not take over the duties as your Inspector until the beginning of 1928, it needs must follow that any report of mine on the preceding year must of necessity be very limited in scope. Not knowing either schools or teachers, this report is based on information secured from the annual reports of teachers and trustees rather than on information gathered in the actual inspection of schools.

### Building

No increased accommodation was found necessary during the year; hence there was no building. Conditions may shortly arise, however, which will necessitate increasing the accommodation in certain sections. In No. 8 Toronto Township those conditions already exist and I am assured by the Trustees of that section that some steps will be taken almost immediately to relieve the situation. Probably before the end of the present year similar conditions may exist at Cooksville. The average attendance is ap-

proaching a point where additional accommodation will be found necessary.

### Equipment

As compared with 1926, the amount spent for libraries, maps and other equipment has been increased by over $400. It is pleasing to see that School Boards are realizing more and more the value of good reading in the education of the young. The Legislature each year sets aside a sum of money to be apportioned among rural sections in which at least $10 has been spent in the purchase of books. It is to be hoped that School Boards who have not been taking advantage of these grants in the past will do so in the future.

### Attendance

From the following it will be noted that the enrolment in 1927 was somewhat less than in 1926, but that the aggregate attendance was considerably higher. It will also be noted that the percentage of attendance was higher in urban districts and lower in rural districts. No doubt this is due to a number of causes, chief of which are the distance from school, the road conditions and the weather conditions.

| | Enrolment | Aggregate Attendance | Percentage |
|---|---|---|---|
| Albion | 344 | 46467 | 83.87 |
| Caledon | 509 | 67588 | 84.91 |
| Chinguacousy | 599 | 77825 | 87.24 |
| Toronto | 1731 | 231537 | 87.16 |
| Toronto Gore | 109 | 15028 | 87.08 |
| Total | 3292 | 438445 | 86.46 |
| Bolton | 125 | 17861 | 90.42 |
| Port Credit | 306 | 47271 | 90.36 |
| Streetsville | 155 | 21198 | 91.51 |
| Total | 586 | 86330 | 90.65 |
| Brampton | 829 | 131251 | 95.92 |
| Grand Total for 1927 | 4707 | 656026 | 88.75 |
| Grand Total for 1926 | 4745 | 651088 | 87.29 |
| Decrease in enrolment | | | 38 |
| Increase in attendance | | | 4938 |
| Increase per cent. | | | 1.46% |

### Teaching Staff

The total number on the teaching staff for 1927 was 135. This was the same as in 1926. There was an increase of 5 in the number of male teachers but a decrease of 2 in the number of teachers holding first class certificates. The frequent moving of teachers seems to be a very serious handicap to the rural school. The reports of last year show that there is a change of teachers in the rural sections of Peel County on an average of every 2 years and 4 months. Why are changes so frequent? The subject might well be studied as the short tenure of office in the rural school must inevitably lessen the efficiency of the work done.

### Salaries

Notwithstanding the great increase in the number of teachers available, it will be noted that advantage has not been taken of this to lower salaries. The average salary paid male teachers was considerably higher in 1927 than in 1926, while the average salary paid female teachers was not decreased by any considerable amount. The average, in fact, for all teachers in 1927 was $10 higher than it was in the previous year. The following is a comparison of the salaries paid in 1926 and 1927 in the rural schools of Peel County.

**Average Salary Paid in Rural Schools**

| | 1926 | 1927 |
|---|---|---|
| Male | $1291 | $1333 |
| Female | 1017 | 1012 |
| Male and Female | 1039 | 1049 |

**Highest Salary Paid**

| | 1926 | 1927 |
|---|---|---|
| Male | $1800 | $1700 |
| Female | 1500 | 1500 |

**Cost of Education on the Basis of Average Attendance**

| Average Attendance | No. of Schools | Average Cost per Pupil per year |
|---|---|---|
| 1 to 6 pupils | 2 | $ 233 80 |
| 7 to 10 pupils | 10 | 146 65 |
| 11 to 15 pupils | 9 | 120 51 |
| 16 to 20 pupils | 19 | 71 70 |
| 21 and over | 36 | 63 83 |

The table given above shows that over half the rural schools in Peel have an average attendance of less than 20. The table also shows the close relationship which the attendance bears to

the cost of education. In the two schools where the average attendance is less than 6 it is costing more than three times as much per pupil to educate the children as in schools where the average is 21 and over. The same condition is found everywhere throughout the province. The lower the attendance, the greater is the cost. It might be well to consider in this connection the effect that Township School Boards would have on the problem. for it is generally conceded that by enlarging the administrative unit, one would in time eliminate the smaller school. Part of the money thus saved might be spent in the transportation of the pupils, while the balance might be well spent in a broadening of the facilities in rural education. Household Science, the Manual Arts and Agricultural would be more generally taught, and Secondary Education might be carried on more in harmony with the needs of rural life. Instead of educating our boys off the farm, as at present, we would give them an education that would tend to keep them on the farm and make them better farmers.

**Financial Statement**

| Municipality | Balances from 1926 | Amounts received from all sources. |
|---|---|---|
| Albion | $ 8692 63 | $ 26822 25 |

## ADVISORY AGRICULTURAL COUNCIL REPORT

The work of your Agricultural Advisory Council dates back to the early months of 1921 when it was first appointed. Since that time it has functioned as an active group of men who have devoted a great deal of their time to the improvement of agricultural conditions in Peel County.

The Council has given its support to the work of the Agricultural Representatives and has acted in an advisory capacity in the formulating of plans for the majority of the projects which have been so successfully carried out in the county for the past six or seven years.

During the past year your Council has been instrumental in carrying out a number of new projects which should be of considerable benefit to the County as a whole.

A very successful Bacon Hog Fair was held at Caledon East last year and your Council has recommended that it be continued again this year. Strawberry test plots were arranged in the Clarkson district with the intention of ascertaining if possible a better variety for commercial use in that district. The results were not entirely conclusive last year and your Council has recommended that these experiments be continued again this year.

With an eye to improving the conditions surrounding the potato growing industry which is rapidly increasing in Caledon and Albion townships, your Council is arranging to co-operate with the Department of Chemistry, of the O. A. College, in the conducting of Potato fertilizer experiments. Furthermore Potato field days are to be held in those districts interested this summer.

In response to a number of queries regarding the use of Commercial fertilizer we have recommended the holding of meetings throughout the County, and a series of six meetings are now arranged and the publicity will be given to same as soon as the secretary is certain of his speakers.

Through the efforts of your Council a very creditable County Exhibit was displayed at the Canadian National Exhibition in Toronto last fall, and we would respectfully recommend that you again lend your support to this work for 1928, as we feel that in no other way can Peel County receive such effective publicity.

During this past year we had completed a census of the bulls kept in the County. The reports of assessors have been found to be incomplete in the past and the Advisory Council undertook to organize and carry out a complete census. As a result they have listed 684 bulls in the county of which 530 are pure bred, giving a percentage of 77.4 pure bred animals. This is just about 2½% below the figure required to declare Peel a Better Bull Area. A concerted effort is being made to replace the grades now in use by Pure Bred animals in the hope that by the end of another year we may have Peel County registered among the select live stock counties.

J. M. DOLSON,
Chairman.

### School Medical Inspection Committee

The secretary-treasurership of this committee entails considerable work throughout the year—the collection and disbursement of funds, reports, and addresses to School Boards, Trustees, and Ratepayers' Associations, and the Ontario Department of Education.

### Other Activities

While various other features have claimed attention to other Departments, in the main, our time and efforts have been expended both during and after regular hours that more and more satisfactory conditions of health, wealth, and happiness might prevail throughout Peel County.

Your Committee on the Old People's Home beg to report as follows:

Your Committee has visited the Home on several occasions and have found the premises in a clean and tidy condition and we very much appreciate the efforts made by Mr. and Mrs. Partridge to bring about this condition.

The total receipts from Jan. 1st to date are $5,269.93 and the disbursements were $3,861.43 leaving a balance of $408.50. Peel County has contributed $2000.00 and Halton County $1600.00 toward the upkeep of the Home since Jan. 1st, 1928.

There are 75 inmates in the Home at present, 40 belonging to Halton County and 35 to Peel. 4 of this number are boarders.

We have recently installed a blower in the furnace at a cost of $725.00 which will considerably reduce the cost of fuel. The Superintendent reports most favorably on the results obtainable from the blower.

There is under construction at present a sunroom which will cost $725.00 if built without a foundation or $940.00 with a foundation.

We find that we paid in 1927 $1177.16 for coal for heating purposes, and this year this cost will be $565.73, a saving of $611.44 which will almost pay for the blower installed.

## REPORT OF PHYSICIAN TO PEEL-HALTON OLD PEOPLE'S HOME

To the Warden and Council of the County of Peel:

Gentlemen:

My last report was made on Dec. 9, 1927, and since that time I have visited the Home each week and at other times when necessary.

There were three deaths since last report. Mrs. M. McCraney of Burlington died March 2, aged 75 years. She was a mental case. Chas. Stewart, aged 82 years, on Feb. 14, from uraemic poisoning; Major Keating, on Oct. 12, aged 91 years, from pneumonia.

I have the honor to be,

Your obedient servant,
R. G. EDWARDS, M.D.

Brampton, Nov. 30, 1928.

To the Members of Halton and Peel County Councils:

We, your Board of Commissioners for 1928, beg leave to submit our annual report as follows:

Commissioners met April 7 at the Home and conditions were thoroughly investigated, and we found the Home over capacity, 80 inmates, with a 70-bed accommodation, and we had a request from the Hospital for the Insane, asking us to admit several patients whom they were desirous of discharging, which patients belong to Peel and Halton. The Board feared that they were going to be compelled to provide more accommodation at a heavy expenditure.

To meet the situation, the Board approved of closing the west verandah, which cost $950. With this completed the situation was greatly relieved.

The Commissioners found several paid boarders whom we considered should not be here as this Home is only for the indigent and needy. Some we released, and others agreed to turn their property which they had over to the Home, these not having sufficient means to support themselves in a private home.

We would recommend to the county councils that further investigation be carried on by the 1929 Commissioners, as we feel that there are yet some here that should be able to take care of themselves. With this point in view, we strongly recommend that the Warden and ex-Warden of each county constitute the commission.

During the year we found the heating system needed considerable repair. New grates were installed and a blower attached to the furnace at a cost of $825, which provided for burning buckwheat coal at a cost of $5.70 per ton, against $13.25, which was the cost of coal formerly used, and feel that considerable saving will be made in the fuel costs. This system will pay for itself in two years.

There being no proper place to keep foods in warm weather, which we thought was not economy, we installed the Frigidaire at a cost of $963. This has been asked for by the inspector for a number of years.

In 1928 it is admitted that we have spent considerable on capital expenditure, yet the cost of maintaining the Home for 1928 has not materially increased over 1927. The expenditure for 1927,

for 55 inmates, was $11,302; the expenditure in 1928 for 80 inmates was $11,962.

Trusting that this report will meet with your approval and that due consideration will be given to our recommendations.

E. AGNEW,
THOMAS A. BLAKELOCK,
WILLIAM J. BEATTY.

Adopted Nov. 30, 1928.

N. S. LINDSAY,
Warden.

W. J. BEATTY,
Acting Chairman.

**Inspector's Report**

Toronto, Nov. 17, 1928.

Dear Sir:

I have the honor to refer to report of inspection made at the Peel and Halton Counties House of Refuge at Brampton on Nov. 15, 1928.

I am pleased to advise you that in regard to discipline and management the report is very satisfactory.

I am pleased to note that there have been many improvements made to this Home during the past year, and that all recommendations have been given effect.

I notice that there is a very large increase in the population of the Home during the past year. In May 1927, the date of last inspection, the population was 55, while on the date of inspection, the population has increased to 80, this being 10 inmates over your capacity.

It is reported that there was some discussion with reference to the opening up of the third floor to provide additional accommodation in this Home. It is recommended that further alterations or extensions to this Home be delayed until May, 1929, when another inspection will be made with a view to solving your problem of accommodation. I am pleased to concur in this recommendation which I trust will be satisfactory to your committee.

Yours very truly,

H. M. ROBBINS,
Deputy Provincial Secretary.

Edward Agnew, Esq.,
Campbellville, Ont.

Also that the grant of 30 per cent. now paid to townships be extended to include towns and villages.

We recommend that this be laid over to the January session.

3. There has been paid to date on the County Road System the sum of $133,000.00, and to pay for the work that will be done before the end of the year will take $32,000.00 approximately.

R. CRAWFORD,
County Treasurer.
January 24th, 1929.

The Warden and Council,
County of Peel,
Brampton, Ontario.

Gentlemen:

I have made quarterly audits of the County General, Good Roads, House of Refuge, School, and Debenture Accounts, and submit the following statements:

**Statement**

"A" Cash Assets and Liabilities.
"B" Capital Assets and Debentures, Liabilities.
"C" Revenue Account.
"D" Deficit Account.
"E" Surplus Account.

All the above being made up to and including December 31st, 1928.

**Statement**

(1) Accounts Receivable.
(2) Accounts Payable.
(3) Abstract Statement.
(4) Details of Receipts and Disbursements, 1st quarter.
(5) Details of Receipts and Disbursements, 2nd quarter.
(6) Details of Receipts and Disbursements, 3rd quarter.
(7) Details of Receipts and Disbursements, 4th quarter.
(8) Receipts and Expenditures, House of Refuge.
(9) Details, Receipts, and Expenditures Public School Account.
(10) Treasurer's Statement of Land Tax Account.
(11) Treasurer's Statement of Debenture Debt.
(12) Insurance in force.
(13) Detailed Statement of Receipts and Disbursements, Good Roads System.
(14) Expenditure on Good Roads System by Roads.

Re Provincial Highways:

The balance outstanding at the end of 1927 for Provincial Highways 1926-7 has been cleaned up by the issue of Debentures

to the extent of $81000.00, and refund made to the General Account of $32,023.26, money paid out of that account in 1927.

There is now a balance of $57,577.95 due the Provincial Highway Department for 20% cost of Construction and Maintenance in 1928, which amount becomes due without interest on July 11th, 1929.

**Re Good Roads System**

The estimated Subsidy for 1928 due from the Highway Department amounts to $86,578.45, which will more than cover the excess expenditure on the Good Roads in 1928.

**Re House of Refuge**

The joint Commissioners decided that the buildings were being shown on our books at a very low figure, and this Asset was increased to the extent of $9,650.00.

A new inventory was carefully prepared by the Commissioners and the total Asset in this department has been increased by $16,759.97.

**Ratepayer's Investment**

This investment has been increased by the amount of the additions to the House of Refuge, and now stands at $163,469.14.

**Re Insurance**

Total Insurance is as follows:

| | |
|---|---|
| Court House and Gaol, Buildings, and Fixtures only | $ 35000 00 |
| House of Refuge, Buildings and Contents | 34200 00 |
| Treasurer's Bond | 10000 00 |
| Good Roads, Public Liability | 10000 00 |
| Engineer's Automobile, Blanket Policy, Boiler Insurance, Court House | 5000 00 |

The Insurance carried appears to be low, and I would suggest that the Property Committee and join Commissioners of the House of Refuge look into this important matter.

**Re Treasurer's Books**

These books are neatly and correctly kept. However, I would strongly urge the installation of a loose-leaf ledger system for all County Accounts. In my estimation there is no comparison between the old system and the modern loose-leaf system.

In conclusion, I wish to thank all the County Officials who have given me their valuable assistance during the year.

Yours respectfully,

A. S. THOMAS, Auditor.

## COUNTY ROAD SUPERINTENDENT'S ANNUAL REPORT OF EXPENDITURE OF PEEL COUNTY GOOD ROADS SYSTEM DURING 1928

To the Warden and Council of the County of Peel.

Gentlemen:

I beg to submit herewith a statement of the moneys expended in accordance with the Regulations of the Dept. of Public Highways, Province of Ontario, on the Peel County Good Roads System for the year 1928, together with the tabulated statements, declarations, etc., necessary to be forwarded with your petition for the Government Subsidy.

These Statements show that 9.85 miles have been graded, 8.50 miles gravelled, 4 reinforced concrete culverts built, and 19 steel pipes and 36 concrete pipe culverts placed.

All of the gravel hauling this year was with trucks owned by T. J. and Frank Regan, of Mitchell. The average cost per yard-mile was 19c.

Some of the dragging was done by the old system of local foremen but half of it was done with the Adams Maintainer.

The work of cutting weeks, opening culverts and erecting guard rails was nearly all done by a steady gang of three, with an occasional additional man, under E. G. Smith.

The work undertaken by permanent men effected considerable saving and I consider it would be a further improvement to have all of the work done this way and eliminate the men who only go out when it is convenient to them.

All of which is respectfully submitted.

Brampton, Ont., January 26, 1929.

N. L. POWELL,
County Engineer and Rd. Supt.

## FIRST REPORT OF COMMITTEE ON EDUCATION

To the Warden and Council of the County of Peel.

Your Committee on Education begs leave to report as follows:

I. We have received the report of School Inspector Fydell as presented to Council and we wish to compliment Mr. Fydell on the report and recommend that the Council accept the same.

II. We recommend that the following be appointed to the High School Boards as noted.

Brampton—Jas. R. Fallis, 3 years.

Streetsville—S. H. Foster, 3 years.

Port Credit—J. N. Thompkins, 1 year; H. A. Clarke, 2 years; Dr. Armstrong, 3 years.

III. We have received a request from Mr. Fydell for an increase in the expense monies paid him and we leave this to the consideration of the whole Council.

In Council $600.00 was allowed.

IV. After considering the school inspector's report, we find that the School Boards of a large number of the school sections in the County are carrying in their Treasury, sums of money, which are far in excess of the requirements for the coming year and as this is undoubtedly creating a hardship on the ratepayers of the sections. We, your committee, recommend that the Clerk be instructed to write the Clerk of each Municipality and draw this matter to his attention so that the sections affected may endeavor to remedy this condition. We have received claims from the following High and Continuation Schools, namely:

V. Weston, Milton, Alton, Palgrave, Inglewood, Bolton, Etobicoke, Port Credit, Streetsville, Cooksville, Orangeville, Brampton, Georgetown and Tottenham.

We recommend the payment of these claims when they have been checked and corrected where necessary by the Clerk and the Inspector.

Adopted January 25th, 1929.

H. C. THOMPSON,
Chairman.

J. J. JAMIESON,
Warden.

## SCHOOL INSPECTOR'S REPORT FOR THE YEAR 1928

Brampton, Ont. Jan. 24th., 1929.

The Warden and Council, County of Peel.

Gentlemen:

I have the honour to submit herewith my report on the condition of the public schools in the County of Peel for the year ending December 31st, 1928.

I have the honour to be,

Your obedient servant,

M. R. FYDELL, Public School Inspector.

During this first year as Inspector of your Public Schools, it has, indeed, been a pleasure to go about from school to school, to become acquainted with the rank and file of the teaching staff, to look into the nature of the methods employed, and to estimate, if such is possible, in what measure we are repaid for the expenditure of so much time and money. Marked progress I believe has been made. The various inspections, tests and examinations indicate that a very satisfactory condition prevails. In all matters pertaining to organizations, instruction, discipline and character of work, much credit is due the individual teachers. The happy relationship that exists between trustees and teachers, teachers and parents, pupils and teachers, has not only been conducive to greater efficiency, but it has also done much to lessen the numerous difficulties that sometimes occupy much of an Inspector's time. Co-operation is the key to success, and we trust that the same spirit of co-operation will characterize the work of 1929 as it has done the work of 1928.

Among the 103 teachers now in rural schools, there were no less than 32 changes during the present year, and 16 of the newly appointed teachers were inexperienced, just out from Normal School. This continual shifting of teachers in rural schools is further evidenced by the fact that 2 years and 1 month is the average length of time of the rural teachers in their present positions. This normal shifting of about 25% of the rural teaching staff each year seems unavoidable under present conditions, but if a similar shifting were to take place in industry or business, it would be a very disturbing factor. Any change in administration that would tend to lengthen the tenure of office of teachers would undoubtedly make for greater efficiency.

This year an experiment is being tried out in the teaching of music. Nine of our rural schools have engaged a specially qualified teacher to go from school to school to give instruction in music for one-half hour per week. If these schools qualify for the $30 grant given by the Government for this subject, the net cost to each school board will be $32.50 per year. It is to be hoped that the experiment proves a success and that the movement will be extended during the coming year. In passing it might be noted that the passing of the proposed Township School Board Bill would pave the way for the teaching of all the special subjects in rural schools. One rural school in itself would be unable to meet the cost. A whole township, however, might carry on the work with little extra expense, and city privileges would then be extended to rural children.

A new school has been erected in S. S. No. 8, Toronto Township. It is a modern school with two up-to-date class rooms, two large play rooms, a teachers' room, a medical room, lavatories of the water flush type and steam heating. The water is pumped by an automatic pump from wells situated on the school property. The total cost, exclusive of the land, was about $18500. As a rural school it should rank among the best. Elsewhere throughout the County, considerable has been spent on the enlargement of school grounds, and in the necessary improvements to the schools and outbuildings.

The expenditure for library books and other equipment has been increased by about 20% during the past year. This is a start in the right direction. Considerable more might well be spent for Supplementary Reading Books, for Supplementary Reading is perhaps one of the most important subjects on the curriculum. If pupils learn nothing more than to love good reading, the school has not been a failure, for where the reading habit has been once acquired a fair education is assured. Some County Councils are recognizing the importance of this movement by special grants of money. One County, for instance, gives a grant of $5 per class room for this purpose.

The question of Primary Reading has engaged my special attention during the past year. In the past I believe that in the primary work there was a misplaced emphasis. Number work was receiving more than its share of the teacher's time, while pupils were not receiving sufficient work in the reading. Here the need for supplementary books was greatest. Few libraries contained books suitable for the child starting school. My aim has been to

get the child reading books as soon as possible. The sooner the child feels the thrill that comes from the knowledge that he is reading out of a real book, the more intensely interested he becomes, and the more readily he responds to the teaching given. I believe that we have made real progress in this respect during the past year.

Viewing the year's work as a whole, I regret that my time has been so fully taken up with routine work. It has been necessary to devote not only days but also nights to the work connected with my official duties. As a result little time has been found for outside reading. This I regret. The hope of our educational system depends largely on the extent to which those directing its affairs keep themselves informed of the latest trend in educational thought. To be progressive we must familiarize ourselves with modern tendencies in education elsewhere. If some relief were obtained by providing clerical assistance as stipulated in the Public Schools Act, I have no doubt but that your Inspector would be a much greater source of help and inspiration to the teachers throughout the Inspectorate.

2. There are at present 77 inmates in the Home including two who were recently admitted. One a Mrs. Smith from Brampton, who turned over to the counties property amounting to $604.42 upon admittance, and Mrs. Hughson who was injured shortly after going to Kitchener but who was returned to Peel County.

3. The 100 tons of Barley Coal for use with blower installed last year, purchased at a cost of $5.70 per ton, thereby saving approximately $500.00, was nearly done and another car was purchased at the same price.

4. In our opinion about $1500.00 will have to be spent in repairs this year, about $750.00 each for fences and repairs to the interior of the Home.

5. At the time of our last meeting conditions at the Home were exceptionally good and inmates apparently quite satisfied. We feel that much credit is due Mr. and Mrs. Partridge, the Supt. and Matron.

All of which is respectfully submitted.

## MOTHERS' ALLOWANCES LOCAL BOARD

Brampton, Ont., Jan. 24th, 1929.

Warden and Members of County Council,
County of Peel

Dear Sirs:

As Chairman of the Mothers' Allowances Commission for Peel I beg to submit the following report.

We had during the year ending December 31st, 1928, eight applications for relief, all being during the first six months of the year, as against nine applications in 1927, two each from Brampton, Toronto Township, Caledon, and one each from Chinguacousy and Bolton.

We now have on our roll of persons receiving Mothers' Allowances, thirty-five as against thirty one year ago, as follows: Chinguacousy and Toronto Gore, one each; Caledon and Bolton, two each; Toronto Township, five; Albion, six; Brampton and Port Credit, nine each. The gross amount of such allowances amounted to $100.15 during the year. Every case has been scrutinized as closely as possible, not only by your local Board of Commissioners but by the representative of the Provincial Commission who follows up our report by her investigation.

We believe that the Mothers' Alolwances Act is a most beneficent law, that is helping needy mothers to raise and educate their children. How some of them got along prior to the Act, it is difficult for us to understand, unless it was that the different municipalities gave relief individually in some cases.

Two of our outlying Commissioners, David Wilson of Albion, and J. H. Pinchin of Toronto Township, have gone to considerable trouble in locally investigating the claims of some of the mothers seeking allowances and their report has been very valuable to us in every case. Mrs. McLachlan of Alton, and Mrs. W. J. Hunter of Brampton have also been very helpful in their divisions. These four with myself as Chairman, have been the members of the Board during the year.

Because of my having stenographers at my disposal, I have also performed the duties of corresponding secretary, Mrs. W. J. Hunter being our recording secretary, and Mr. David Wilson, vice-chairman.

I would have made this report at an earlier session only that I was waiting for the December list to reach me from the Government and it only got to my office yesterday afternoon, and I now beg to hasten my report to your honourable body.

Yours very truly,

T. W. DUGGAN,
Chairman of Mothers' Allowances Commission,
County of Peel.

lin's Bridge and other bridges of $6726.86 which has not been received as yet.

This leaves a net expenditure for the year of approximately $114,000.00. The total amount that could be spent is $117,000.00.

2. The Dominion Railway Board have issued an order for a wigwag signal at the C.P.R. Crossing on the Fourth Line south of Streetsville.

## HOUSE OF REFUGE

Brampton, November 25th, 1929.

To the Warden and members of the councils of the Counties of Peel and Halton.

We, your board of commissioners for the year 1929, beg leave to report as follows:

At the present time we have 71 inmates being 9 less than this time last year.

During the year there have been 8 deaths, 6 from Peel and 2 from Halton.

Sixteen inmates from Peel and twenty-two from Halton will receive the Old Age Pension. An assignment from each applicant from Peel has been made giving the County $18.00 per month of their pension. We do not feel that any inmate should leave the institution without some person agreeing to keep them.

The large items of Capital expenditure this year were a coal shed erected by Delaney Bros. at a cost of $224.00. The Hall Chapel, some bed rooms and dining room were redecorated, the work being let by tender to J. A. Coates at a cost of $457.45. About 300 rods of fence were erected at a cost of $646.55. The contract having been let by tender to John Garbutt.

We have had the insurance increased from $34,000.00 to $66,000.00 and have had policies arranged to expire at the same time. In making this adjustment we have had all the policies reduced to a rate of $1.00 per hundred excepting a policy of $10,000.00 in the Peel Farmers' Insurance Co., at an 84 cent rate. The Insurance on the House of Refuge from now on will cost us $220 per annum and all premiums have been paid up to February. 1932.

We estimate at this date that the total expenditure for this year will be about $1500.00 less than for 1928.

We have been investigating the cases of two inmates who had bank accounts and are pleased to report that these accounts amounting to almost $500.00 have been turned over to the House of Refuge.

All of which is respectfully submitted.

Adopted November 30th., 1929.

N. S. LINDSAY, Chairman of Committee,
WM. J. WILSON, Warden.

## EXTRACTS FROM REPORT OF G. F. THOMPSON, INSPECTOR, CHILDREN'S AID SOCIETY, PEEL AND HALTON. NOVEMBER 1st, 1929.

One of the greatest difficulties at the present time is that of finding homes for boys of school age. As you all know, there is a Farming School at Norval where boys out of school are being trained for farm work. It is not to be wondered at, that farmers

prefer these older boys at a very small wage, rather than young boys with no such training who must be clothed and sent to school until they are fourteen, in return for what little help they are able to give after hours. One boy of twelve years was placed in a splendid farm home, clothed and sent to school, but because he did not adapt himself he was returned to the Shelter. That farmer then obtained a young man of eighteen years from the Vimy Ridge Farming School, able to do a man's work, for the small wage of $12 per month. Several of his neighbors have since done likewise. There are numerous requests for domestics past school age.

At present there are 17 children in the Shelter, and of that number only 10 are for placement in foster homes. Of the remaining 7, two were temporarily committed on account of their father's desertion and the mother being unable to provide. The father has been located and is now paying $10.50 per week for the board and lodging of the children in the Shelter until he can provide another home for them, which he hopes to do in a short time.

It was found necessary recently to bring five children from one family to the Shelter. The father has been dead some years, the mother who has courageously kept the family together through the Mothers' Allowance grant, at last had to give up—a victim of tuberculosis. Immediately upon receiving a telephone call from Reeve Jamieson of Toronto Township I visited the home. The mother had already been removed to the hospital and there was nothing to be done except bring the children to the Shelter. On account of the unhealthy conditions no one was willing to go into the house or take the children to their own homes. Upon arrival here they were promptly examined by the Doctor who pronounced them safe to mingle with the other children. This family have not yet been made Wards, as the Mothers' Allowance Commission have agreed to make the usual payment of $50 per month to the Children's Aid Society for a period of three months, at the end of which time it is hoped the mother may be sufficiently recovered to get her home together again—if not, some other arrangements will have to be made. The arrangement with the Mothers' Allowance Commission was made through the kindly interest of Mr. T. W. Duggan, President of the Peel Society, who is also chairman of the Mothers' Allowance Board.

Another case is that of Roy Nickle, blind boy, who was brought here from the Brantford Institution for the Blind in June last. For some time he was able to continue with his reed-work

until the pain in his head became so severe that he was confined to his bed two or three days a week. On the advice of Dr. K. G. McKenzie, Brain Specialist, he was removed to Toronto General Hospital on October 28th for a possible operation for a tumor on the brain.

One boy of ten years was, some years ago, placed with a farmer at present near Oakville. Neighbors complained that this child was being continually abused. The same day that I received the complaint I visited the home and upon questioning the boy was informed that he had been beaten that morning with a rope until some of the neighbors interfered. The marks on his body were sufficient evidence. The foster father was summoned into court and the child taken from him. Freddie's own father has been located and arrangements are now being made whereby he will soon return to his people.

I expect two families from Burlington will have to be brought in to-morrow, five children in all. I had been hoping to defer action in these cases until some of the children already here could be placed, but complaints have become so numerous that the town authorities demand immediate action. When these children are brought in our Shelter will be full to capacity.

Only 9 children have been made permanent Wards during the eight months, while 26 have been sheltered. Six adoptions have been completed, two children, not Wards, have been committed to Industrial Schools. 25 cases coming under the Children of Unmarried Parents' Act have been handled. This work appears to be increasing. Savings Accounts are held in trust for 17 Wards, ranging from $1.20 to $821.53.

Other statistics are as follows:

| | |
|---|---|
| Applications for children | 25 |
| Temporary commitments | 8 |
| Complaints received | 53 |
| Homes investigated | 43 |

## PUBLIC SCHOOL INSPECTOR'S REPORT

January 30, 1930.

The Warden and Council, County of Peel,

Gentlemen:—

I have the honour to submit herewith my report on the condition of the Public Schools in the County of Peel for the year ending December 31, 1929.

I have the honour to be,

Your obedient servant,

M. R. FYDELL,
I.P.S. Peel County.

During the past year it has been my privilege to visit each teacher in charge of a rural school at least twice. This has not been possible in the Brampton Schools owing to the excessive amount of work and to the shortness of the fall term. The methods employed by the teachers throughout the County have been, on the whole, satisfactory. Generally speaking those teachers who study their Manuals and educational journals, who plan each day's work, are the teachers who employ the best methods, while those teachers who read little and who make little or no preparation are the ones whose methods are open to question. During the past year I have emphasized the value of constantly referring to the Revised Teachers' Manuals, and am requiring Trustees who have not hitherto secured these for the School Library to do so immediately.

## ACCOMMODATIONS

No new buildings have been erected during the past year. Considerable has been done, however, by way of repairs and other improvements. The laying of hardwood floors, the shingling of roofs, the building of sheds and outhouses, the painting of schools, the laying of cement walks, the fencing of grounds, the re-seating of class rooms, together with numerous other improvements, have necessitated the outlay of considerable money. Perhaps the greatest improvement was in the Alton School, where two additional class rooms were erected for the use of the Continuation Classes. While it is true that the addition was not for Public School pupils, still it is equally true that Public School pupils have benefited greatly from the improvements. Halls, basement playrooms, and indoor lavatories of the water-flush type, are now in use, where formerly there were no halls, no playrooms, and where the outbuildings were of the ordinary type and just as unsanitary. In Port Credit there was some overcrowding until relief was obtained in the fitting up of a temporary classroom in the Clarke Memorial Hall. The opening of the new High School in the near future will result in greatly increased accommodation for Public School pupils, and the class now in temporary quarters will be able to carry on to greater advantage in a regular classroom, more fully equipped than is possible under present conditions. At Cooksville, too, the problem of increased accommodation must be solved shortly. The present overcrowding is not conducive to the best results.

## EQUIPMENT

During the past year, I have been emphasizing the value of suitable Supplementary Reading. Extensive reading, rather than intensive study, has become the prevailing practice, and greater progress has been made. As an inducement to Trustess to buy books, the Government offers a special grant to those Rural School Boards who spend at least $10 in books in any one year. The grant last year was 50% of the amount spent. Notwithstanding this, however, the number of schools that qualified for this grant in 1928 was only 19. In 1929, 32 schools qualified, an increase of 60% over the number qualifying in 1928. There is no reason why each and every school in the County should not qualify for this grant.

## SCHOOL ATTENDANCE

The attendance for 1929 shows a slight improvement over that of 1928. The following table will indicate wherein improvement has been made.

| | Number Registered | Average Attendance | Aggregate Attendance | Possible Attendance | Per Cent of Possible |
|---|---|---|---|---|---|

| Total 1928 | 20 | 117 | 26500 | 121300 | 28 | 109 | |

## ADDITIONAL COMMENTS

1. Two teachers of Music are not included in the tables given above.

2. The average salary of male teachers was $1428, that of female teachers $1047, that of all teachers, male and female, $1096. These averages are somewhat higher than those of the preceding year.

3. Twenty-nine changes took place in the teaching staff of the rural schools at the end of last June, and three additional changes took place at the end of December. The thirty-two teachers thus leaving represents 31% of the whole teaching staff in rural schools. This frequent change of teachers undoubtedly retards the progress in rural schools.

4. The number of teachers holding First Class Certificates was twenty-one in 1927, twenty-eight in 1928, and thirty-two in 1929. This indicates a growing tendency toward higher academic qualifications.

5. The average experience of all rural teachers at the end of 1929 was 6 years, 4 months. The average time in their present schools was 3 years.

## THE TEACHING OF MUSIC

The teaching of Music is progressing favourably throughout the County. General satisfaction, I believe, exists in sections where the subject has been introduced. The following will give some idea of the extent to which progress has been made.

June, 1928—Brampton (2 schools), 20 rooms. Total 20 rooms.

June, 1929—Brampton (2 schools), 20 rooms; 15 Rural schools, 15 rooms. Total 35 rooms.

Dec., 1929—Brampton (2 schools), 20 rooms; Streetsville, 3 rooms; Port Credit (2 schools), 8 rooms; 22 Rural schools, 34 rooms. Total 65 rooms.

In two other sections, I might add, the ratepayers at their Annual Meetings passed resolutions requesting their respective School Boards to make arrangements for the teaching of Music in their schools. If properly qualified teachers were available, I believe the work might be greatly extended. The liberal grants now offered by the Department are largely responsible for the extension of this work in rural sections.

## RELATION OF COST OF EDUCATION TO ATTENDANCE

For years the question of enlarging the unit of administration has been before the Province. One of the many arguments advanced in favour of the larger unit is that it tends towards greater economy. The following will perhaps serve to show the relationship of school attendance to costs in education.

| Section | Average Attendance | Cost per pupil | | | | Total Cost |
|---|---|---|---|---|---|---|
| | | Government | County | Township | Section | |
| No. 1 Caledon | 4½ | $ 73 49 | $ 1 83 | $133 33 | $ 55 47 | $264 12 |
| No. 7 Caledon | 4¾ | 60 79 | 1 84 | 126 31 | 86 35 | 275 29 |
| No. 2 Caledon | 5 | 57 41 | 1 42 | 120 00 | 74 54 | 253 37 |
| No. 7 Albion ..... | 5½ | 69 43 | 1 70 | 109 09 | 68 47 | 248 69 |
| No. 11 Caledon | 6¾ | 41 19 | 1 19 | 88 88 | 38 49 | 169 75 |
| No. 10 Caledon | 8½ | 29 36 | 1 13 | 70 59 | 47 72 | 148 80 |
| No. 17 Toronto | 8¾ | 28 52 | 1 10 | 68 57 | 54 35 | 152 54 |
| No. 13 Caledon | 9¾ | 28 58 | 89 | 61 54 | 36 59 | 127 60 |
| No. 1 Albion ..... | 9¼ | 31 18 | 92 | 64 86 | 35 98 | 132 94 |
| No. 2 Albion ..... | 9¾ | 28 54 | 85 | 61 54 | 45 29 | 136 22 |
| No. 11 Albion ... | 9¼ | 26 98 | 71 | 64 86 | 32 48 | 125 03 |
| Ave. for all rural schools ..... | | 14 93 | 38 | 25 36 | 34 38 | 75 05 |

From the above table, it will be seen that the cost to the Government, the County and the Township, of educating a pupil in S.S. No. 1 Caledon was about five times as great as was the cost of educating the average pupil in the rural schools of the County. If the cost to such a section were five times as great instead of about 1½ times as great, might it not have some influence on the attitude of the ratepayers of such section toward Township School Boards? Under Township Boards, I feel that schools would be administered more economically, and class room efficiency greatly increased.

In connection with the Financial Report the following might be noted:

1. The cents column has been omitted.

2. The balances carried over from 1929 to 1930 are approximately 8% less in total than those carried over a year ago. This reduction might have been much greater. There are still many schools carrying balances beyond what are necessary.

3. The Government Grants to the County this year were $39155 as compared with $36367 the year before. This increase may be attributed to:

a. Higher Salaries.
b. Higher Certificates.
c. Greater Experience on the part of Teachers.
d. Extension of Work in Music.
e. Extension of Work in Agriculture.
f. An Increase in the Number of Teachers, thus raising the amount spent in Salaries.

4. The total cost of keeping the Rural Schools open during the year 1929 was $168453. The source of this money was approximately as follows:

20% was paid by the Provincial Government.
½% was paid by the County.
33½% was paid by the Townships.
46% was paid by the local School Sections.

## FOURTH REPORT ROAD AND BRIDGE COMMITTEE

Your Committee on Boundary Line Bridges beg to report as follows:

1. Codlin's Bridge on the York and Peel Line has been completed.

Total cost of Bridge ..... $13,023.60

The Contract for grading was let to Roy Honsberger, Vineland, for $3,400.00 a lump sum, to include grubbing and moving approximately 9,700 cubic yards of earth, and this work is now in progress. York County have been billed for the half cost of the bridge and your committee recommend that the accounts for grading be paid and York County billed for their share when the work is completed in a manner satisfactory to the Engineer and Committee.

2. The approaches to the Middle Road Bridge were graded by Toronto Township. Your Committee understand the Peel County share will be $200.00 and recommend that this amount be paid when account is presented.

3. Orth's Bridge, on the Burnhamthorpe Road was replanked and approaches and railings repaired.

The following accounts were paid:

| | | |
|---|---|---|
| F. W. Pellett, Paysheet Labor | $ | 65.25 |
| Can. Ingot Iron Co., Guard | | 27.60 |
| W. H. Thompson, Posts | | 14.24 |
| E. Smith, Paysheet | | 21.00 |
| J. B. Smith and Sons, Plank | | 205.98 |
| | | 334.07 |

Your Committee recommend that bills as follows be sent out:

| | | |
|---|---|---|
| York County ½ cost plank, ¼ cost approaches | $ | 140.26 |
| Toronto Township ¼ cost approaches | $ | 26.77 |
| Etobicoke Town, ¼ cost approaches | $ | 26.77 |

4. Bridge No. 4, on the baseline and York Boundary had thirty plank replaced. The following accounts were paid:

| | | |
|---|---|---|
| J. B. Smith and Sons, Plank | $ | 76.10 |
| E. Smith, Paysheet | | 7.00 |
| | | 83.10 |
| York to be billed for | $ | 41.55 |

5. Bridge No. 7, first Cold Creek Bridge.

Approaches and channel were repaired:

| | | |
|---|---|---|
| E. Smith, Paysheet | $ | 8.20 |
| York to pay | | 4.10 |

6. Bridge No. 11, fifth Cold Creek Bridge, opposite Lot 10 Albion.

An old wooden structure was washed out in the spring. The two Committees agreed to build a new concrete one with a 16 ft. roadway.

Tenders were not called as the Engineer could not find any contractor willing to bid on an isolated job like this one. At a meeting on October 3rd, instructions to call for tenders for the construction next year and to put in a temporary bridge right away were given.

The temporary bridge was built. Cost:

| | | |
|---|---|---|
| E. Smith, Paysheet Labor | $ | 31.50 |
| " Plank, Nails, Timbers, | | 26.80 |
| | $ | 58.30 |

York share $29.15.

This bridge is in the same location as the old one that should be good for more than the year. Your Committee feel that a better price will be secured in the spring than would be secured by calling for tenders now.

7. On other Bridges the following work has been done:

Bridge No. 17, Tesdales, Con. 5, W.H.S. Chinguacousy and Toronto Twps. This bridge was replanked.

| | | |
|---|---|---|
| Cost, Labor | $ | 7.50 |
| Brampton Lumber Co., Plank | $ | 69.30 |

Bridge No. 19 Eldorado, Chinguacousy and Toronto:

| | | |
|---|---|---|
| Rodman, One day pay | $ | 3.00 |

Bridge No. 31 Claireville, Toronto Gore Twp.

Owing to the north corner of this 108 ft. span sinking, it was necessary to prop this bridge. The approaches were also repaired.

Cost:

| | | |
|---|---|---|
| Approaches, R. Bowman, Paysheet | $ | 28.80 |
| Propping, W. J. Davey, Labor and Material | | 106.35 |

Your committee recommend the following accounts be paid when certified correct.

Kidd and McBride: Balance, Codlin's Bridge. Not known until cement sack credits are received.

| | | |
|---|---|---|
| James Codlin, Purchase of land, | $ | 25.00 |

The accounts for railing being erected at Bridge No. 13, Lot 11, Caledon and Erin Township.

The Committee were paid as follows:

September 24th—

| | | |
|---|---|---|
| W. J. Wilson, 1 day | $ | 6.00 |
| W. J. Beatty, 1 day | | 4.00 |
| J. H. Pinchin, 1 day and car | | 10.00 |
| N. S. Lindsay, 1 day | | 5.00 |
| J. Dolson, 1 day | | 4.80 |
| N. L. Powell, Committee expenses | | 3.00 |
| | | 33.60 |

On October 3rd your Committee met York Commissioners in Toronto and opened the Tenders for Grading Codlin's Bridge.

We recommend the following payments:

| | | |
|---|---|---|
| W. J. Wilson, 2 days and mileage | $ | 12.00 |
| W. J. Beatty, day and mileage | | 4.00 |
| J. H. Pinchin, 1 day and mileage | | 5.80 |

N. S. Lindsay, 1 day and mileage ..... 5.00
J. Dolson, 1 day and car ..... 9.80

Bridge No. 21, Etobicoke Bridge, Con. 1 Ells, Toronto and Ching:

C. Wiggins, Grubbing and half cost of grading .....$ 275.30

All of which is respectfully submitted.

Adopted, Nov. 30, 1929.

W. J. WILSON,

# Auditor's Report

**FOR THE YEAR ENDING DECEMBER 31st, 1929.**

To the Warden and Council of the County of Peel:

Gentlemen:

I have made quarterly audits of the County General, Good Roads, House of Refuge, School and Debenture Accounts, and beg to submit the following attached statements.

**Statement**

(E) Ratepayer's Investment.

**Schedules**

(1) Accounts Receivable.

(3) Details of Receipts & Disbursements 1st quarter 1929.
(4) Details of Receipts & Disbursements 2nd quarter 1929.
(5) Details of Receipts & Disbursements 3rd quarter 1929.
(6) Details of Receipts & Disbursements 4th quarter 1929.

(8) Receipts & Disbursements, Public School Account.
(9) Debenture Debt.
(10) Insurance in force.
(11) Receipts and Disbursements, Good Roads System.
(12) Expenditure on Good Roads System by roads.

**Re Provincial Highways**

1928 and 1929 Construction and 1929 Maintenance together with the interest on the 1928 Construction from July 1st to December 31st, 1929 amount to $103085.57.

As Debentures can be issued for the Principal amount only, it will be necessary to include the interest in the estimated Expenditure for 1930.

**Re Good Roads System**

The Loans amount to $55,000, and as the expected Provincial Government Subsidy exceeds this amount there will be no over-expenditure in this department for 1929.

**Re Deficit**

The Deficit for 1929 was $3897.46, and this is accounted for by the fact that only $14500 was raised by Debentures for the building and equipping of the Registry Office whereas the actual expense was in excess of $18000. Assets were increased by $3700 in consequence of this added equipment.

**Re Treasurer's Books**

The books of the Treasurer have been neatly and correctly kept. The new loose leaf system adopted in 1929 has been very advantageous and has enabled the members of the Council and Officials to get a more detailed account of each department.

In conclusion, I wish to thank all the Officials, both past and present, who have given me their valuable assistance during the year.

Yours respectfully,

A. S. THOMAS, Auditor.

## COUNTY ROAD SUPERINTENDENT'S ANNUAL REPORT OF EXPENDITURE OF PEEL COUNTY GOOD ROADS SYSTEM DURING 1929

To the Warden and Council of the County of Peel,

Gentlemen:

I beg to submit herewith a statement of the moneys expended in accordance with the Regulations of the Dept. of Public Highways, Province of Ontario, on the Peel County Good Roads System for the year 1929, together with the tabulated statement, declarations, etc., necessary to be forwarded with your petition for the Government Subsidy.

These Statements show that 9.10 miles have been graded, 9.70 miles gravelled, 1 reinforced concrete culvert built, and 31 steel pipes and 62 concrete pipe culverts placed.

All of the gravel hauling this year was with trucks owned by Armstrong Bros., Brampton. The average cost per yard-mile was 19c.

This is the tenth Annual Report that I have had the honor to make out for the Peel County Roads. I have a summary of the ten years' work partly compiled and have found it very interesting. This report will be completed shortly and any suggestions for the future that I have will be included in it.

All of which is respectfully submitted.

Brampton, Ont., January 25th, 1930.

NEWTON L. POWELL,
County Engineer and Road Supt.

1930, a fatal accident took place at this point, even though the County had since making application, erected advance warning signs 300 feet each way from the crossing. Now therefore it resolved that this Council do go on record, as disapproving of the C.N.Rlys. attitude of delay on this matter, and further be it resolved that the County Engineer be and is hereby instructed to immediately communicate with the Dominion Railway Board at Ottawa, and endeavor to have the necessary protection made as applied for in our application of July 24th, 1930. Carried.

The Warden, Mr. Thompson, was requested to vacate the chair and Mr. Beatty was asked to preside, when it was moved by Mr. Dolson and seconded by Mr. Pinchin that having come to the close of our year's work in County Council, we beg to tender our appreciation of the able manner in which our Warden, Mr. Thompson, has performed his duties during his term of office. As Chairman of the Local Board I beg to submit the following report.

We had during the year 1929, five applications, two each from Brampton and Toronto Township and one from Chinguacousy, which were favorably considered as against eight applications in 1928 and nine in 1927. We have now on our roll, Widowed Mothers receiving allowance, 27 as against 35 in 1928 and 31 in 1927. The 27 consist of, Brampton and Port Credit 7 each, Albion, 5, Toronto Township 4, Bolton 2, Chinguacousy and Caledon 1 each.

The gross amount being distributed as of December 1929 amounts to $810.00 as against $1,015.00 in 1928. Each application is scrutinized as closely as possible by the member of the Local Board nearest to the applicant and then passed on to the local board meeting called for the purpose. We do not have regular monthly meetings as in some counties but to avoidd unnecessary expense we meet only when there are applications to be considered, which makes quite a saving in members' expenses.

We believe that the Mothers' Allowance Act is giving much needy help to deserving mothers to enable them to raise and educate their children. How they managed before the passing of

this Act is difficult for us to understand. The Act seems to be working in every proper form and we have no special recommendation to make excepting to voice our approval and worthiness of the Mothers' Allowance Act.

I beg to make this report to your honourable body.

Yours respectfully,

Adopted January 30, 1930.

T. W. DUGGAN, Chairman. H. C. THOMPSON, Warden.

## SECOND REPORT OF THE GOOD ROADS COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Good Roads beg to report as follows:

1. That we have considered the Estimates as submitted by the Engineer, Mr. N. L. Powell. We have gone into these very carefully and find that in order to construct and maintain the County Roads in the County as we would wish, we would require a decided increase in the rate over last year. We feel this would be a hardship on the County to levy this expense in one year. We would therefore recommend that the Mill rate for Road Construction and Maintenance for the County for this year 1930, should be 3 mills which would raise under the County Assessment the sum of $59,358.00, and that any construction of bridges or concrete culverts should be done by County Debentures.

We have had an application from James D. Varey, Mr. Powell's assistant, for an increase in salary. We feel that Mr. Varey has been shouldered with an extra amount of work during the past year and as he assists Mr. Powell in survey work which would ordinarily cost the County considerably more money than he now receives. We would therefore recommend that from the first of March 1930 he receives the sum of $90.00 per month.

We would further recommend that he be paid a Bonus during the time of Mr. Powell's absence. This amount to be settled at the next session of County Council.

The Good Roads Committee have been very considerably handicapped in their work by the absence of Mr. Powell through illness.

This we regret very much and we would suggest that the Clerk of the County send Mr. Powell a letter expressing the feelings and regrets of the whole County Council on his illness and wishing for him a speedy recovery. In Council the Clerk was instructed to forward some flowers to his home.

All of which is respectfully submitted.

Adopted March 22nd, 1930.

J. H. PINCHIN,
Chairman.

H. C. THOMPSON,
Warden.

## THIRD REPORT OF THE GOOD ROADS COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on County Roads beg to report as follows:

1. We have a communication from Messrs. Anderson & Bourdon, Toronto, re Mr. Dixon, Lot 5, Con. 1, Albion, and recommend that the County Engineer see Mr. Dixon and report to the Committee.

2. We have a copy of a Resolution passed by Middlesex County Council asking for a change in payments for Provincial Highways and recommend that it be filed.

3. We recommend that the following Bridges be built and that Debentures be issued to cover the cost.

a. Four culverts, Malton Sideroad, Toronto Twp.

b. Two large culverts on the Spring Road, Toronto Twp.

c. One culvert, Brown's Gulley, Brampton Sd., Ching. Twp.

d. One twenty ft. bridge at Woodhill, Ching. and Gore.

e. One thirty ft. bridge at Tullamore on 17 Sd., Ching. and Gore.

f. One forty ft. bridge, Lot 20, 7th line, Albion.

g. One new bridge on Queen St. west, Brampton.

h. One new bridge at Bell's Mills, 15 Sd. West, Caledon.

i. One new bridge at Huttonville, Ching. Twp.

And that the New Bridges on the Road and Bridge Committee's Report be included in these Debentures.

4. Your Committee have inspected the County Roads and have made some changes in the estimates to include a recommendation that the South hill at Bolton be cut to a reasonable grade.

A copy of the estimates will be supplied to each member of the Council.

5. We recommend a payment of $25.00 to James D. Varey, as a bonus for extra work as recommended in the March Report of the Committee.

6. Your Committee have discussed the Petition of the residents of Streetsville and vicinity requesting this County Council

to ask the Dept. of Highways of Ontario to make the fourth line West from No. 10 Highway South a King's Highway.

We recommend that the Section of this road from Streetsville to Dundas St. should be paved as soon as possible and regret that it cannot be done this year. We consider that this road will be improved as a County road at a much earlier date than by leaving it to become a Provincial Highway, and therefore cannot recommend that this Council make any such request to the Dept. of Highways.

7. Your Committee have discussed the request of the delegation from the North boundary of Albion Township, asking that the Peel-Simcoe County Line along Concession seven to eleven, Albion, be made a County Road.

We recommend that this be laid over for the following reasons: This road has not been improved by the Township. The present Peel-Simcoe County road is not improved and Simcoe County have not taken it over as a County Road.

8. We recommend that the County Engineer be instructed to arrange to cut the banks and remove the rail fences at the railway crossing on Ten Sideroad, Concession five, Township of Albion, over the Sudbury branch of the C.P.R., and that this Committee be authorized to take any further action they consider necessary.

All of which is respectfully submitted.

We met at the shelter in April, when Major Buckland, representing the Children's Aid Society, Toronto, was present, as well as a large attendance of members of the Joint Committees for Peel and Halton, when the basis of agreement was drawn up for the new organization. This agreement has been approved by the Children's Aid Branch of the Department and has been presented to this Council.

The resignation of the matron, Miss Telfer, was received and accepted. Her niece, Miss Telfer, was requested to act as matron for the present at a salary of $50.00 per month and is now in charge. She is being assisted voluntarily by her aunt, the past matron. There are at present fifteen children in the Home. We presume that Peel County Council desire the present committee to continue to act as representatives under the new arrangements for the balance of 1930.

We are informed that Mrs. Dr. Vanderlip and Mr. T. W. Duggan have been appointed as representatives by the Peel Children's Aid Society. # REPORTS

**These Reports Were Received Too Late to Go With Previous Reports.**

## REPORT OF MOTHERS' ALLOWANCES LOCAL BOARD

Brampton, Ont., November 27th, 1930.

Warden and Other Members of County Council,
County of Peel.

Dear Sirs:—

I believe you desire a report from me as Chairman of the Mothers' Allowances Board. I regret that I cannot give it to you in quite as full detail as I have given in all other years, when my report was made in January, not November, which enabled me to give a fuller report for the calendar year.

I am glad to make such a report as I can with the material before me at this date. I have not had a most recent report of the Provincial Commission but up to September it is as follows:

There were twenty-seven (27) persons receiving an allowance of $850 per month, the same number as at January of this year. There were ten (10) applicants for allowance this year: Brampton 4, Chinguacousy 2, Toronto Township 3, Port Credit 1; total 10. Up to the last report we had: Brampton 8, Chinguacousy 3, Toronto Township 4, Port Credit 8, Caledon 1, Albion 2, and Bolton 1, making the 27 above referred to.

The number of applicants and the number of persons on our roll does not vary much in each year. We had just twenty-seven on our roll at the beginning of the year. The only case that was refused by the Provincial Commission, after being favourably passed on by the Local Board, was that of an applicant from Toronto Township, where the Provincial Commission considered that the equity in her real estate was too great to permit of an allowance, although our Local Commission thought somewhat differently.

Our Board now consists of myself as Chairman and Secretary; J. H. Pinchin, Clarkson; David Wilson, formerly of Albion, and now of Brampton; Mrs. McLean, Port Credit, and Mrs. McLachlan, of Alton.

We had six meetings during the year up to date. To avoid expense, we do not have regular meetings but only when occasion requires it.

I beg to make this report to your honourable body,

Yours respectfully,

MOTHERS' ALLOWANCES LOCAL BOARD for
COUNTY OF PEEL.
per T. W. DUGGAN,
Chairman.

## REPORT OF MOTHERS' ALLOWANCES LOCAL BOARD

Brampton, Ont., November 27th, 1930.

Warden and Other Members of County Council,
County of Peel.

Dear Sirs:—

With regard to the letter addressed to your Council from the County of Bruce and shown me by your Mr. Pinchin, a member of our Board, it is impossible without calling a special meeting to get the expressed opinion by vote of the members of the Peel Mothers' Allowances Board. Mr. Pinchin can speak for himself and so can Mr. Wilson.

I hesitate to endorse the proposed resolution because of the tremendous increased expense that would be incurred in extending the scope of the Mothers' Allowances Act to take in a mother with one child. It has been generally considered that a mother could very much more easily take care of one child than of two or more, and yet there being so much philanthropy about the extending of the Act to include one child, in all of which I am thoroughly sympathetic, I dislike being considered opposed to the extension.

It is really a question of ways and means which I think might well be left to the Ontario Government to consider from other standpoints.

Most respectfully yours,

MOTHERS' ALLOWANCES BOARD for
COUNTY OF PEEL.
per T. W. DUGGAN,
Chairman.

## COUNTY ROAD SUPERINTENDENT'S ANNUAL REPORT OF EXPENDITURE ON PEEL COUNTY GOOD ROADS SYSTEM DURING 1930

To the Warden and Council of the County of Peel,

Gentlemen:

I beg to submit herewith a statement of the moneys expended in accordance with the Regulations of the Dept. of Public Highways, Province of Ontario, on the Peel County Good Roads System for the year 1930, together with the tabulated statement, declarations, etc., necessary to be forwarded with your petition for the Government Subsidy.

These Statements show that 5.50 miles have been graded, 8.30 miles surfaced, 5 reinforced concrete culverts built, and 25 steel pipes and 22 concrete pipe culverts placed, and twelve bridges built on the County Roads and two boundary line bridges built.

The Expenditure in 1930 was greater than it has ever been before and several of the larger jobs are not quite completed. A start has been made on Paving and many more miles will need a better surface in the near future.

All of which is respectfully submitted.

Brampton, Ont., January 31st, 1931.

NEWTON L. POWELL,
County Engineer and Road Supt.

## COUNTY OF PEEL GOOD ROADS

## CONSTRUCTION REPORT

### County Road No. 1A—The Clarkson Road

Tenders were called for a "Retread" road but prices were high. A bid was put in by the Dufferin Paving Co. for a "Colprovia" pavement and this was accepted.

"Colprovia" is a cold mixed asphalt pavement that has given good results in Europe and the United States. It is guaranteed for three years and was laid as a demonstration of its usefulness. Considering the quality of the pavement it is a bargain.
